Pollution is concern of committee

Pollution of Haliburton County lakes was the subject of a presentation made to Anson, Hindon and Minden council last Wednesday by Sonya Holliday-Rhodes, chairman of a newly formed anti-pollution committee in the county.

Mrs. Holliday-Rhodes, former president of the Park Royal antipollution committee in Mississauga, asked for council's support in dealing with what the committee sees as the three most significant pollution issues in Haliburton County.

"Issue number one," she said, "is the pollution of our lakes and environment by the use of oil contaminated with PCB's on our roads to reduce dust levels."

(PCB's, polychlorinated biphenyls, are acknowledged to be one of the most potentially dangerous chemicals in common use. Their main application is in electrical transformers, where they inhibit the combustion potential of oil, though they are also present in other industrial settings.)

Mrs. Holliday-Rhodes told council her committee is

Juvenile charged with theft from Haliburton shop

A 15 year old juvenile has been charged with theft and possession of stolen property in connection with an incident in Haliburton Village Friday morning.

Minden OPP report that goods were reported stolen from Paulette's Antiques and Gifts at about 10:15 a.m. Friday.

As a result of an investigation by Police Constable Al Bibby, a juvenile was charged with theft and possession of stolen property.

Property valued at \$16 was recovered, police report.

Report recommends improvements to promote use

Preliminary island park plan unveiled

A preliminary development plan for improvements to Minden's Gull Island Rotary Park was unveiled last Wednesday in Minden.

The plan, being prepared at council's request by Totten, Sims, Hubicki, is expected to provide council with a suggested list of improvements to the park which could be carried out over a flexible time schedule.

Mark Hewitt, a planner

Like cotton batten, smoke hovers in the clear cold air as the thermometer dipped to better than 20 below fahrenheit last week. Smoke and steam from the Wilberforce Veneer factory was stark against the dark blue, clear sky on Wednesday. The cold front was

followed by snow for the weekend which provided recreational enjoyment for the many snowmobilers, skiers and snow shoers in Haliburton County and nightmares for snow removal crews.

Upgrading of emergency facilities in Minden suggested

Role of hospitals should continue — committee

The present role of the Haliburton and Minden Red Cross Hospitals should remain unchanged, but emergency facilities should be upgraded at the Minden hospital.

That is the major conclusion of an ad hoc committee of the Haliburton, Kawartha, Pine Ridge District Health Council which has been studying the role of the hospitals since mid summer. The committee's report was released at a meeting of the Council in Peterborough Thursday.

The ad hoc committee was formed at the request of the Ministry of Health after a role study commissioned by the Ontario Red Cross recommended that the Minden Hospital should be converted to a clinic facility, with active treatment shifting entirely to Haliburton.

Local citizens reacted strongly against the recommendations in that role study, which was completed in November 1977 and released to the public in late February last year. Protests directed to the Minister of Health brought assurances that no immediate change in the role of either hospital was planned. A request that the study's conclusions be re-examined by the District Health Council, a 16 member advisory body to the Ministry of Health, resulted in the formation of the ad hoc committee which presented its report Thursday night.

Anson, Hindon and Minden councillors Lyle McKnight and Len Lonsberry were at the Peterborough meeting as representatives of a three man local committee which spearheaded rebuttals of the original Red Cross commissioned role study.

Formed in August, the ad hoc Health Council committee consisted of Phyllis Campbell of Minden, Murray Fearney of Haliburton, Curly Krug of Peterborough, Harold Wrightman of Peterborough, Jim Kloefer of Bethany, and chairman Austin Burch of Port Hope.

The committee held a public meeting at the PineStone November 30 to hear briefs from citizens about the future of the hospital.

The report presented Thursday was a "statement of principles" according to Health Council chairman Bob Bell, and will be passed on to the Ministry of Health, which has final jurisdiction over the hospitals.

According to the committee the term "active treatment bed" which has been used frequently to describe the ten beds in both Haliburton and Minden hospitals, is not accurate.

The designation has resulted in a "confusing perception of the largely primary and emergency care type of health service that is being provided in these Red Cross facilities with the more traditional and common public perception of secondary health care services that are provided elsewhere (in larger and more comprehensive active treatment hospitals)."

The committee maintains it is "more realistic to consider that each facility has ten beds for the administration of minor treatment or the observation of individuals to assess the level of treatment that is needed or the referral needs to a larger institution." It suggests the Ministry should consider the beds as "multi purpose", and recommends that they be reserved for "short stay routine medical treatment (of a primary care nature) and observation."

Routine obstetrical care should be maintained at the Haliburton facility, according to the committee, with Minden providing such care "in emergency situations only."

A major conclusion of the report is that no long term

chronic care facilities should be provided at either hospital, but that chronic patients should have short term access to the multi purpose beds.

Some members of the public had stressed what they saw as the need for chronic care beds in the county when the Red Cross role study was unveiled at meetings last spring.

"Long term hospitalization of 'chronic' patients should be continued within the present referral system to Peterborough and Lindsay," the committee said.

Because of the geographical location of Minden (close to highway 35 in the southern end of the county) "emergency services at the (Minden) facility should be upgraded to provide adequate and im-

mediate emergency care," according to the report.

In keeping with the emergency treatment role of both hospitals, "accurate and rapid radiology and laboratory support" are needed, the committee report notes. It says the laboratory reporting system at both facilities "needs improvement, and more extensive use should be made of the existing lab service in Haliburton Village."

Doctors in each community "should have reciprocal privileges at each facility," the committee said.

If that were allowed, "it is felt that physician coverage at each facility, particularly the emergency service, would be enhanced. In addition, physicians with a specific area of

interest and expertise would be available for the patients at each facility."

On an administrative level, the ad hoc committee said "greater interaction and liaison" between the Red Cross Hospitals Board in Toronto and "the local constituents" should be "encouraged and maintained to ensure a responsive health service delivery system in Haliburton County."

In conclusion, the ad hoc committee said it could not see any "significant future growth patterns in the permanent population base of Haliburton County," and therefore "the expansion of the type and range of health services at either facilities in Haliburton and Minden

Cont'd. page 2

Council sends new taxi by-law back for numerous revisions

Anson, Hindon and Minden council gave preliminary reading last Wednesday to a by-law to regulate taxis in the municipality that would set maximum rates and require permanent taxi stands or offices in commercial rather than residential zones.

The draft form of the by-law read before council drew extensive criticism, and will be revised before being read a second time at council's next regular meeting.

Modelled after by-laws in other Ontario municipalities, the by-law proposed to set minimum rates for taxi ser-

vice, would require that stands or offices be established in an area zoned commercial, and would stipulate that taxis can be no more than three years old.

All these provisions of the by-law as read were criticized by council, and will be revised before second reading.

Council felt there might be some justification for establishing maximum taxi rates, but that minimum rates would restrict competition.

It also felt that requiring an operator to purchase a new car every three years would be an unfair hardship.

But the provision of the draft by-law that sparked the most discussion was that which said an office or stand had to be established in a commercial zone.

Taxi driver Ed Pritchard was on hand to hear the by-law's first reading, and told council there wasn't enough money in the local business to justify renting or building an office.

Pritchard presently operates his business from his house, which is in an area zoned rural (RU).

By-law officer Dick Schell

The main street of Haliburton was closed early Tuesday morning as work crews struggled to remove a heavy accumulation of snow from the highway. Close to a foot of snow fell Saturday and Sunday throughout the Highlands.

Manpower Outreach office is up for government review

The future of the Canada Manpower Outreach office in Haliburton Village will come up for government review in the next few weeks. And in an effort to ensure that the office remains unchanged, the Chamber of Commerce has asked municipalities to send letters of support to Manpower and Immigration, the federal body which will conduct the review.

Haliburton's Manpower Outreach office is sponsored by the Chamber of Commerce but funding for the project comes entirely from the federal government, on a one year renewable basis. The office is nearing its third year of operation, and such projects are normally reviewed at the end of that period, according to Chamber manager Bob Stinson.

Three options are open to the government with respect to the office, Stinson said. It could close the office, allow it to continue as it is, or make Haliburton a "point of service" opening a permanent office in the village.

Present staff at the Outreach office are employees of the Chamber. If a permanent facility were opened, however, it would be staffed by civil servants.

"We're not sure that would be a good idea," Stinson said in an interview Monday. He noted that costs would be higher if civil servants were used and that service at a "point of service" office would probably be less personal than it has been under the Chamber sponsored program.

"We're hoping they'll car-

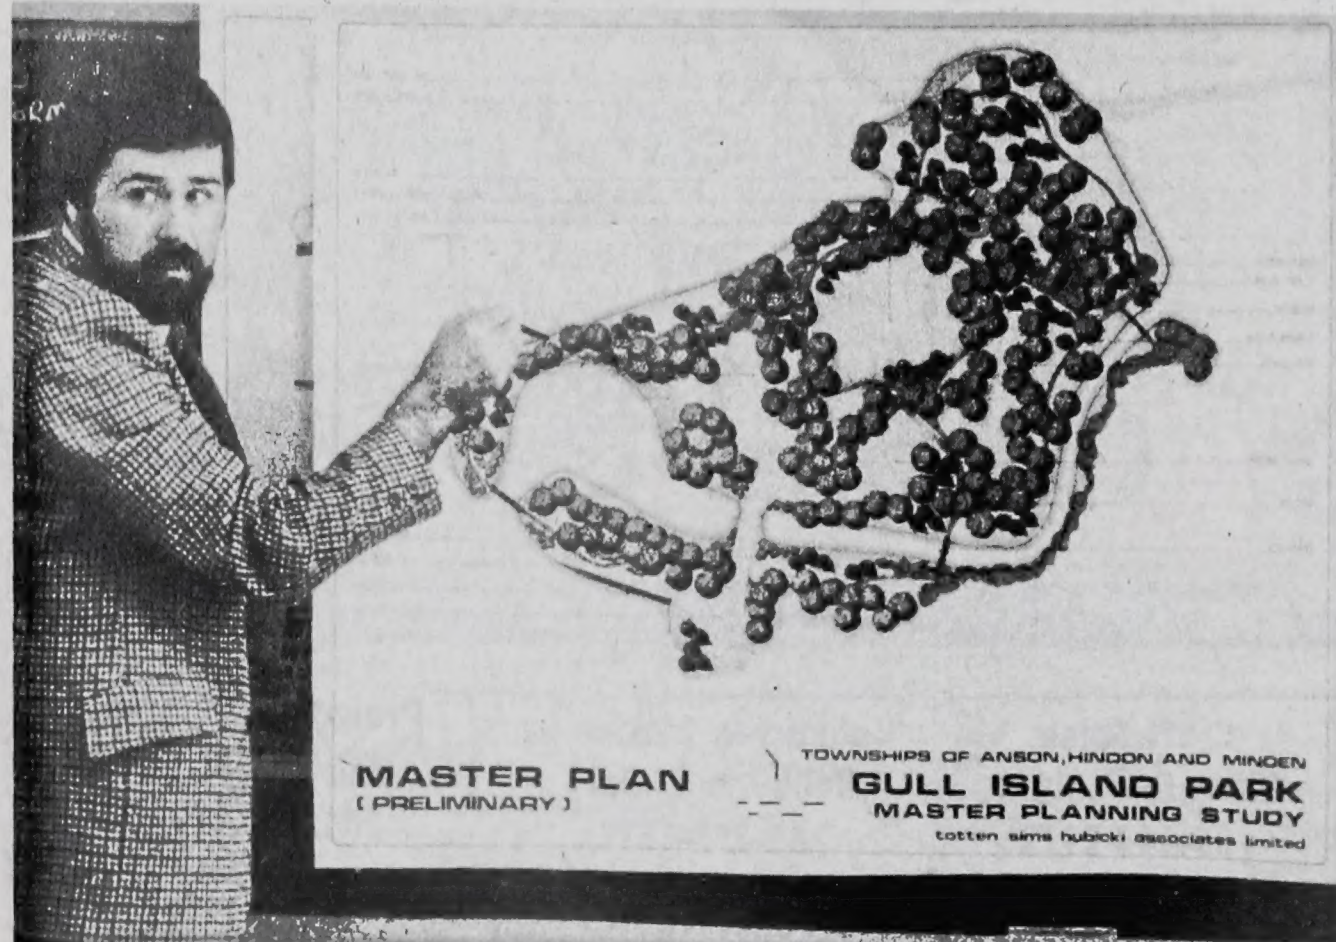

ry it on in its present form", the Chamber manager said. "Failing that, we're hoping it will become a point of service office."

Stinson said the letters of support from the municipalities are "ammunition to take to this review" which will be held in Peterborough in mid-February.

The Chamber manager said he is "quite confident" that the government will decide to keep the office open, probably in its present form.

"The thing has been so successful that there would be a terrific uproar" if a move were made to close it, Stinson said.

Every municipality in the County is expected to voice its support for the project within the next few weeks.

Apreliminary master plan for the Gull Island park in Minden was unveiled last Wednesday at a meeting of Anson, Hindon and Minden council. The plan

recommends a number of improvements to the park, including a parking lot for 30 cars, new washroom and change facilities, a children's playground and a dock.

J. D. Hodgson named to seat on new education committee

The Director of Education for the Haliburton County Board of Education has been named to a ten member liaison council made up of representatives from all area educational institutions.

J.D. Hodgson will sit on the newly established Trent Valley Educational Liaison Council, which cites closer cooperation between all levels of education in the fields of guidance, mathematics and English as its immediate aim.

increased discussion in many areas.

"We will be looking at ways of reducing operating costs, possibly by sharing administrative and technical expertise, along with other questions such as the impact of declining enrolments, and new government emphasis in such fields as trades training," he said.

He noted that sub-groups with representatives from all academic levels are being established in the three areas of immediate concern. Sir Sandford Fleming is taking responsibility for the guidance question, and Trent and the Peterborough County Board of Education are organizing the mathematics and English groups, respectively.

The committee suggested the guidance group be formed first, Mr. Sutherland said, to look at improving the

quality of information being provided to secondary school teachers and students by post-secondary institutions.

Career planning at all levels and the possibility of pooling information on how best to use student guidance information systems may also be reviewed, he added.

As well as Hodgson, the 10-member liaison council

currently includes: The Rev. C.H. Bronsdon, Principal, Eastern Pentecostal Bible College; T. Guest, Headmaster, Lakefield College School; Rae Linton, Director, Peterborough County Board of Education; Professor Tom Nind, President, Trent University; William Perkins, Director, Victoria County Board of Education; Peter

Roach, Director, Peterborough - Victoria - Northumberland and Newcastle Roman Catholic Separate School Board; Dr. John Ross, Acting Head, Ontario Institute for Studies in Education, Peterborough; Frank Thom, Director, Northumberland and Newcastle Board of Education, and Mr. Sutherland.

Wade Woodward and Kirk Thayer watch as Steve Hartwick demonstrates how to turn around on cross country skis. Steve was instructing the proper

technique of the fast growing sport at Woodland Ranch last weekend.

Bud Kirchner elected president for second term

Livestock Producers elect '79 officers

Bud Kirchner of RR 1, Haliburton was elected for a second term as president of the Haliburton County Livestock Producers Association last Thursday when the group held its annual meeting.

Elected vice president was Dwain Ruth of Lochlin. Joan Moore of RR 1, Kinnmount was elected secretary treasurer.

Area directors were also chosen in an election that took up the major portion of the evening business.

Gary Kenney was elected director for West Guilford/Blairhampton; Bill VanderWekken for Stanhope; Mary Jane Irwin for Minden; Bryan Neville for Snowdon; Maureen Warburton for Haliburton; and Bill Moore as director at large.

Bill Moore was also chosen as the group's representative for the Ontario Soil and Crop Association.

OPP report

For the period of January 8 through 14, the Minden detachment of the Ontario Provincial Police report the following activity:

During the period the staff investigated seven reportable motor vehicle collisions and 46 general occurrences.

Four cottages were found insecure by the snowmobile patrol. One breakin was reported, two persons were charged with snowmobile violations, three persons were charged with liquor violations, and one person was charged with impaired driving.

Truck plunges

from page 2

road and entered a ditch. Ivan D. Francis, 22, of RR 1 Minden was northbound on the Harburn Road when his truck left the road and entered the east ditch.

The accident occurred at 1 a.m.

The only position not filled at the meeting was representative for the Ontario Cattlemen's Association.

EDITOR'S NOTE: The following is the annual report of the Haliburton County Livestock Producer's Association, outlining the activities of the organization in 1978.

The Haliburton County Livestock Producer's Association is now entering its third year. Certain achievements of this organization which represents approximately 100 area farmers seem especially notable. Primary among these was the formation of a daughter organization; the Haliburton County Veterinary Services Association, which was successful in having the county designated as an area eligible for the government subsidized veterinary program. The establishment of a veterinary practice by Dr. J. J. VanderWekken in Carnarvon was of obvious benefit to all residents of the county.

Another project of the organization this year was the coordinating of the purchase of agricultural limestone for bulk application. As the PH of Haliburton soils is one of the major obstacles to farming in the area, this program should have dramatic results. To date, in excess of 300 tons of limestone have been purchased and applied.

On an annual basis the association also sponsored various "Test plots" designed to illustrate the types of crops and soil maintenance programs which are especially suited to Haliburton County. This year the association sponsored plots of corn, alfalfa, birdsfoot trefoil, low-bush blueberry, limestone application and fertilization of pastures. The H.C.L.P.A. meets

monthly at various locations throughout the county. At each meeting topics related to agriculture and rural living are discussed by the members and experts from across the province. In the past year topics ranged from "Maple Syrup Production" and "Home Preservation of Food" to "Self-help Veterinary Hints" and "Horse Management."

The executive for 1978 were: Bud Kirchner (Pres.), Bryan Neville (Vice Pres.), Bruce Fraser (Sec.-Treas.), Ray Welch (Representing Stanhope, Blairhampton), Rose Barry (Representing West Guilford/Albert

Martin (Representing Lochlin), Jim Garbutt (Representing Minden) Randy Warburton (Representing Haliburton), Dwain Wruth (Representative at large).

The annual meeting and election of officers for 1979 will take place on January 11, 1979 at 8:00 p.m. in the Minden council chambers.

Anyone interested in farming in Haliburton County is welcome to attend. The annual banquet will be held on January 19, 1979 at 6:00 p.m. at the Gelert Gardens Restaurant and Tavern. Tickets are available from members of the executive.

Pollution group addresses council

from page 1

"seriously alarmed by the rumour that in the past...the county has used highly contaminated oil from Hydro on these roads." She asked council to determine if such oil has ever been used in county roads, where it would cause "an emergency situation".

The second issue, Mrs. Holliday-Rhodes said, is the use of 2-4-5 T herbicide by Hydro to kill vegetation under power lines. She suggested council should "reconsider advocating the use of this insecticide" (sic).

Third issue raised in her presentation was fluoridation of water. "It has been brought to our attention,"

Mrs. Holliday-Rhodes said, "that sodium fluoride is a deadly poison. It is used, among other things, as a rat and roach poison."

"We would ask that you investigate this matter very thoroughly before making a decision regarding fluoride."

Reeve Sinc Nesbitt suggested that Mrs. Holliday-Rhodes repeat her presentation to county council, where the concerns of her committee could be aired before municipal representatives from across the county.

A copy of her presentation, as well as letters from Ontario Hydro were left for council's examination.

COTA announces replacement for George Coling

A former manager of the James Bay Frontier Travel Association has been appointed manager of the Central Ontario Travel Association (COTA).

Aldo Camagnola will take over the position, which had been vacant since the September 1978 resignation of former manager George Coling.

The appointment of Campagnola was announced this week by COTA president George Lyons.

Campagnola has been manager of the James Bay Frontier Travel Association for the past four years, and was, for six years prior, manager of the Timmins/Porcupine Chamber of Commerce.

In announcing the appointment, Lyons said Campagnola has "excellent credentials in tourism promotion and a very strong organizational management background."

COTA encompasses the tourist regions of Haliburton Highlands, Highlands of Hastings, Great Pine Ridge, Kawartha Lakes, and the regional municipality of York and Quite's Isle.

Willing workers

Haliburton County is a place of villages and hamlets with neither the amenities nor the population many other areas of the province enjoy. But that doesn't mean the county has to take a back seat when it comes to activities to fill people's leisure time. On the contrary, a glance at a calendar of the events taking place over the next few weeks shows how busy this county has become in winter months.

It's a heartening sign, not only for individuals with hours to spare, but for the economy on which all of us depend.

In the summer, of course, the county has always been a hive of activity, not only because of the substantial increase in population the warm weather brings, but because community organizations plan and carry out dozens of activities designed to bring people together in a spirit of fun and relaxation.

Winter months have now become almost as busy as July and August, and the people who enjoy the events of January and February are not only the permanent residents of the area. Visitors and cottagers come from the cities too, to share in the excitement of a winter weekend in Haliburton County.

The events of winter are made possible by people who work long and often thankless hours to organize carnivals, hockey tournaments, bonspiels and snowmobile rallies. They put up with problems and frustrations out of a spirit of commitment to the community. And it is that commitment, reflected in the time and effort they expend, that makes the events of winter possible.

There are many ways to demonstrate commitment to a community, and to the way of life it affords. Not everyone has the time or the ability to organize carnivals and hockey tournaments. But everyone can make a contribution to the success of those events by getting out and supporting them.

Demonstrating a commitment to the community can be as simple as attending a hockey game at one of the upcoming tournaments, or spending an hour or two watching curling at one of the bonspiels of the next few weeks. It can be as time consuming as drumming up pledges for the Snowarama for crippled children or making a float for one of the winter carnival parades. All these things and more reflect an attitude of commitment and concern for the life and the future of the county.

Involvement is the building block to a stronger, more unified county.

None of the events upcoming in the next few weeks will be perfect. There will inevitably be hitches, inconveniences and frustrations for both organizers and participants alike. But with a spirit of commitment to the events, and with a feeling of appreciation for the work that has gone into making them possible, the events of the next few weeks will be a rousing success.

The people who take the time to organize activities deserve a vote of thanks from the communities they are working to improve. It may seem to many of them that their efforts go unrewarded in the bustle of the moment. But the truth is that they are making a sound and vital contribution not only to the leisure time of residents and visitors, but to the business community which flourishes on busy weekends.

Haliburton County is as alive in the winter as it is on the afternoons of August through the efforts of a host of concerned and dedicated people who organize events for others to enjoy.

They deserve a vote of thanks for making the county a better place for all of us.

An experiment

Anson, Hindon and Minden Council approved last Wednesday, a concept which is designed to create a workable recreation committee that will still serve the interests of community groups who make use of the Minden arena and other recreation facilities.

Instead of appointing representatives from various community groups to the committee, council created a committee of citizens without alignment to community groups, and approved the idea of allowing non voting liaison members who can attend every meeting and can have direct verbal input into the committee's recommendations and decisions.

It's an idea that could prove of immense benefit not only in running the arena well, but in seeing that every interested group has a say in what happens with respect to recreation.

The idea is to be tried out on a one year basis, and will be reviewed before a new recreation committee is appointed in 1980. If the concept proves workable, it may become a permanent feature of the Minden Recreation committee.

It's an experiment that deserves to be watched.

Burdened with snow

Letters to the Editor

To the Editor:

Over the past three years, the Haliburton Cross Country Club, and the Lake Kashagawigamog Tourist Association have developed a system of public cross country ski trails of over 40 km in length, extending from the museum in Glebe Park to many of the lodges along Lake Kashagawigamog. The development of this trail system was made possible only through the cooperation of private land owners who have given their permission for a ski trail right of way. As well, cordial relationships with the Haliburton County Snowmobile Association has allowed for two independent trail systems to develop - one for machines and one for skiers - in a harmonious progression: something which has not happened in other areas of the province where skiers and snowmobilers constantly vie for trails and grant money.

Unfortunately, one or two thoughtless snowmobilers are spoiling a lot of skiing for a large number of skiers in this county, by ignoring ski trail signs and driving along ski trails. A lot of time and effort is spent grooming trails for skiing and this is quickly ruined by one snowmobile passing over the trail.

In addition, and perhaps more seriously, as these trails cross private property whose owners have given permission for a ski trail only, the future of the trail system may be in jeopardy if land owners who do not want snowmobilers on their property, revoke permission for a ski trail right of way - because of trespassing snowmachines.

The future of good cross country skiing in Haliburton requires cooperation from all snowmobilers. Respect for ski trails in the future will ensure continued enlightened development of cross country skiing and snowmobiling in this county.

Sincerely,
L.B. Pierce,
President,
Haliburton Cross Country Club

To the Editor:

I have read the letters in response to what Mr. Feir said re: hockey. I miss the hockey on Wednesday nights, but what really browns me off is the fact that when our Canadian football is finished we have American rammed on our T.V.s until nearly the middle of January. There are so many interesting programs, but the C.B.C. keeps on with football.

I'd like to hear from others through the paper about this.

Mrs. Wm. Moore,
Minden, Ontario.

To the Editor:

The comments in regard to hockey on C.B.C. Wednesday night in Mr. Creighton Feir's column of Wednesday, January 3, 1979, called for a rebuttal. The C.B.C. may be criticized for many things, but certainly not for its neglect of sports, indeed quite otherwise.

Peter Kent, until recently reader for the "National", complained to C.R.T.C. that the C.B.C. was sports dominated. Canada is a democracy and that should mean that the rights and interests of minorities are also considered.

I enjoy watching baseball but do not expect that sport to be televised several times a week. In music my preference is for classical. I also enjoy jazz and the blues, but not pop and certainly not rock, nor am I except for music, an opera buff.

But I do not expect the C.B.C. to telecast only my preference and dismiss all else as "Garbage". Musicamera and other Wednesday night programs may not always be the world's best but certainly they are not "Garbage".

Incidentally, on Wednesday, January 3, an excellent performance by the National Ballet produced by internationally known director "Norman Campbell" was sponsored by I.B.M. of Canada. A company like I.B.M. does not waste its money on "Garbage".

Yours truly,
Terence W. Barclay,
Marion E. Barclay,
Wilberforce, Ontario.

To the Editor:

Your article "Bomb Hoax at Legion" didn't do justice to the atmosphere of the New Year's crowd who quickly evacuated the Legion without too much controversy or complaint.

My son, Paul and I attended the party to bring in 1979, when we decided not to drive back to Scarborough after a holiday of snowmobiling at our Stormy Lake cottage. We, like the 300 plus others were enjoying the evening when told to leave the building.

The half hour or so sitting in our cars added to the enjoyment of the evening even though it interrupted our table gossip. The majority of the crowd took it in their stride and are to be commended for their attitude. An ugly scene could have taken place, from some wanting their money back but like the atmosphere of the Haliburton countryside 12 months a year - "Everything was calm."

The OPP are to be commended for their handling of the event. Now to enjoy a "peaceful 1979".

Don Hillard,
Scarborough, Ontario.

To the Editor:

OPEN LETTER: To Minor Hockey Executives and to anyone in Haliburton County interested in our young people.

FROM: Ted Reid, Haliburton County.
PROPOSAL: I propose that an alternative to the competitive league system of organization of minor hockey be offered. The progress of this programme should be monitored over a two or three year period and the time and effort put on it should be adjusted in accordance with its popularity and demand. I submit this outline of what I see as an alternative. I submit that this should be the responsibility of the minor hockey

Cont'd. page 7

Feir Play

by Creighton Feir

After reading the Letters to the Editor column in last week's issue of the Echo I came to the conclusion that it must have been "Hate Creighton Feir Week". I am only kidding and you have no idea how much I enjoyed reading and receiving these letters from you. These letters tell me two things. One is that everyone doesn't always agree with what I have to say and the other is that it's one way for me to find out that people are reading my column. From time to time when I give my ideas on certain subjects you must remember that they are only my opinions and my opinions alone. When you don't agree on something I have to say, write in and tell me about it and on the other hand if you do agree also write and let me know. This is what the Letters to the Editor column is for so that you may have the opportunity to also voice your opinion. Keep those letters coming in and I realize one thing and that is if I am going to dish it out I have to be man enough to accept any criticism coming my way.

While still on the subject of opinions we must all realize that if we put four people in a room and threw out a topic for discussion on the table I doubt if those four people would agree. Everyone would have different thoughts on the matter and this is good, because if it ever comes to the time that we all agree on everything then we are really in trouble. Everyone has a right to their own opinions and this is what democracy is all about. There is one thing that I can't stand and that's public apathy. We can't sit back and say that everything is just fine and dandy when we know that it isn't. Many people will sit back and say, oh well, let it go; we can't do anything about it anyway. This is far from the truth. We can do something about it by letting our thoughts be known on certain matters of interest. We know that there are people out there who are not satisfied with the way things are being run and if this is the case, get after the organization you are a member of, take your problems or beefs to your local council, your MP. Think it over because we are not going to get very far if we all sit back and keep our mouths shut.

There is one thing that I don't like to do and that is to comment on a Letter to the Editor that concerns myself. I am going to make it a practice not to do this as it discourages people from writing in. There is just one comment, however, that I would like to make concerning the Letter to the Editor addressed to me that appeared in last week's paper from the Lake Kashagawigamog Tourist Association. What I had in mind when I wrote the article was the fact that there was not too many events coming up in January. I wasn't taking in the month of February. This was apparently a misunderstanding. When the association pointed out the many events coming up they missed one of the biggest attractions of them all and that is the annual Minden Kinsmen Winter Carnival which is slated for January 26, 27, 28. I was certainly pleased to receive this letter from the Lake Kashagawigamog Tourist Association, an organization, which in my opinion, is doing an outstanding job in the community. Keep up the good work.

It took many years and a lot of hard work in an effort to get the Vankoughnet Road completed between Carnarvon to Bracebridge. Now that we have it, there seems to be a problem in maintaining good road conditions throughout the winter months. For any of you who have travelled this stretch of highway, you will realize that there are some long hills and plenty of rock cuts to drive through. During the winter months if this highway is not sanded and salted it can be very treacherous for the motorist. We here at the Echo are very familiar with this highway as our truck makes a weekly trip to Bracebridge every Tuesday evening. What we can't understand is that fact that very little sand or salt is applied to this section of highway following and during a snow or ice storm. We are not the only people who are complaining but we do know that our driver is lucky at times to get back home without going in the ditch. We have this highway now, so surely the powers that be can maintain it, especially during the winter months.

I think that we would all have to agree that Sir Sandford Fleming College in Haliburton are doing a wonderful job when one considers the many winter courses being offered here in Haliburton County. I was amazed after reading the full page ad in last week's Echo of the many courses open to anyone in the county with an interest in the subject which are all designed to help you make productive use of leisure time. Yes, you would have to agree that there is something here for everyone. For further information and registration for winter courses and workshops call Sir Sandford Fleming College at 456-1860.

Plans are well underway for the annual Minden Kinsmen Winter Carnival which will be held on Friday, Saturday and Sunday, January 26, 27, 28th. This year's carnival will be bigger and better than ever and promises to be a major attraction to seasonal and year round residents. Just to mention a few of the many attractions, there will be ice car races, snowmobile safari, broomball, snowmobile drags, sock hop disco dance contest, hockey tournament, snow sculptures, carnival queen contest, activities for the kids and many, many more activities. So make it a date to remember as on January 26, 27, 28 all roads will lead to Minden.

May we remind everyone interested in skiing that Northern Ways Transit are running a bus to Sir Sam's Ski area every Saturday and Sunday. We hope that you clipped out the bus schedule which appeared in an ad in last week's issue.

Keep smiling, have a good week and may the good Lord bless and keep you until we meet once again next Wednesday in this column. Let's keep painting the clouds with sunshine.

From the Chamber

by Bob Stinson

Here Is Where It's Happening

With the overwhelming snowfall this past weekend there is no doubt that winter is now firmly established here in the Highlands. It came upon us almost like a grand opening for the great series of winter events planned from now through to the beginning of March. This coming weekend in Haliburton the now famous Skyline Bonspiel leads off the list. This bonspiel has now become so popular that many would-be competitors had to be turned away this year and local participation had to be limited.

On the following weekend, the 26th, the Minden Winter Carnival will be staged with many exciting events, not the least of which will be the car racing on an ice oval track feature. Carnarvon United Church will be hosting a Carnival Roast Beef Dinner on Saturday the 27th from 5 until 8 p.m. to add to the facilities. In Minden the main street will be closed to traffic on Saturday and turned into a mall featuring many displays and activities. A complete program listing times of all events will be available shortly in town and at the Chamber of Commerce.

This same weekend will see 16 Pee Wee hockey teams invade the Village of Haliburton for the annual Alcide Carpentier Pee Wee Hockey Tournament. A and B category teams will be competing at Haliburton from 4 o'clock Friday afternoon through to 5 p.m. on Sunday.

On Saturday February 3 the Lake Kashagawigamog Tourist Association hosts their second annual Snowmobile Rally. This is a rally, not a race and is fun for the whole family. Registration in advance costs only \$5.00 whereas it will be \$7.00 on the day of the event. Advance registration forms are available at Mike's Milk, Haliburton Marine and the Chamber of Commerce. Participants will be vying for a first prize of \$100.00 and a number of other trophies and prizes. The day's events will wind up with an annual rally dance. This is a real snowmobilers weekend, since Sunday the following day, the annual Whipper Watson Snowrama is being held over the 100 km trail laid out by the H.C.S.A. last year. Starting points will be set up in both Haliburton and Minden.

The Haliburton Minor Hockey Association and the Lake Kashagawigamog Association will host the 5th annual Kashagawigamog Atom Hockey Tournament on February 9, 10 and 11 hosting 16 teams of 10 year old hockey players at Haliburton Arena. Both this and the Pee Wee Tournament have become international events with entries coming from American teams in the Rochester area.

On the weekend of February 16 the Haliburton Rotary Carnival gets underway. The Haliburton Kinsmen Club have also become very involved in this particular carnival through their operation of the snowmobile events on Head Lake. Details of this event will be forthcoming shortly.

Winding up the month of February is the Woodland Ranch Cross Country Tour to be held Saturday, February 24. Tours of 10 and 30 km are sanctioned and all skiers must pre register to participate in this event. Registrations must be submitted to Woodland Ranch by February 17.

And our summer visitors continue to ask "What do you do up in this country in the winter time?"

Welcome

It is a pleasure to welcome Martin Hofland to our business community. Martin and his family are producing fine crafted pine furniture and are equipped to do various types of custom carpentry in their brand new shop on 121 highway just west of Haliburton Marine. Drop into "The Flying Dutchman" and you will be amazed at how Martin can make a brand new pine hutch look like something that has been in existence for possibly over 100 years.

Ken and Betty Hardy have purchased the Riverside Garage in West Guilford from Merrill Barry and we sincerely welcome them to our business community. Russ Paul who formerly worked at the Riverside Garage has now purchased the Minden Texaco in Minden and we are sure with his genuine enthusiasm he will do well in that location.

New Groomer For H.C.S.A.

The Haliburton County Snowmobile Association today announced that a third Bombi groomer has just been acquired and should be in use grooming the trails by the time this column is published. With three Bombis and an Alpine groomer the H.C.S.A. can proudly continue to say "we're No. 1" and they will obviously continue to provide us with the number one trails in the province of Ontario. Efforts such as this may have something to do with the fact that at least one resort has now advised us that they are booked solid every weekend from now through to the middle of March.

"Conlin's Ontario", a weekly feature on C.B.C. that features interesting towns from throughout Ontario is coming to Minden to cover the Minden Winter Carnival. The many events of this year's carnival will be given national coverage on the C.B.C. network. Let's make sure we get behind this event and show the country what a fine show we can put on.

Pic of the Past

Our Pic of the Past this week is of the Orange Celebration on July 12, 1914. This picture was taken in front of Lorne Hunter's house in Gooderham. Pictured from the left are: James Hutchison (Jimmy), Alex Casey, Gordon Johnston, William Johnston, Gordon Lake, George Johnston Haliburton, Jack Parker, Homer Wright, Jack Morrison (drummer), Fred Simmons, George Hutchison (head), Wm. Fred White, Dave Morrison (Banner Bearer); past banner are Sam Mintz (banner, Hank's son), Davey Madill (drummer), Edward Gill (kettle drum), George Waite Sr., Lorne Mintz, Jack Adams, Tom Madill Jr., Tom Madill Jr., John White Sr., Sampson Wright, Warren Mintz (Hank's son), Tom Hambley (end), John Winn Sr. (seated, whisks), Garnet Hadley (banner strings), Joe Morrison (marshall), Russell Morrison (banner strings) Louis Mintz, Roy White (banner string), Willie Madill, Cecil White (banner strings), John Spencer, Oren Switzer (Bob Switzer's son), Archie Riley (beard), Howard Gill, Bert Mintz, Stanley Higgins, and Hank Mintz. Our thanks to Frank Madill of Haliburton for submitting this most interesting photo.

Bill Smiley

With a whole new year extending itself lubriciously before us, perhaps it's time to wonder what we are going to do with the next 10 or 12 months.

My plan for the next 12 months is to become an eccentric. This may not seem much of an ambition, but I've always admired eccentrics, and secretly desired to be one.

My wife and other close friends have already suggested that I am a bit weird, but that's their problem. After almost 20 years as a teacher of English, I'm gonea spell 'er like she is, the way my students do.

That's only one of my eccentricities. I am also going to grow hair in my nostrils, not to mention my ears. No more of this to the barber, "Yes, give the ears a little trim, and the eyebrows." I want hairy ears and eyebrows. I want to look like an ancient Jewish prophet.

If that isn't enough, I'll grow flurd in my bellybutton. You know what flurd is, I hope. It's that cottony stuff that grows in your bellybutton.

Flurd was the real cause of the American civil war. The Northerners were growing more flurd in their bellybuttons than the Southerners were in their plantations.

But enough of flurd. And who ever heard of a "civil" war? A war may be full of fiendish cruelty or dreadful atrocities or monumental indignities but there is nothing civil about it. A civil war occurs when you sue your neighbour to tear down the fence that is bowing over your begonias.

Back to my eccentricities. Every summer, until now, I have aschewed the wearing of a tie. And I know my dignity

has suffered. I've heard people say it. They say, "Look at his dignity. Did you ever see such suffering?"

Next summer, come what may, I'm going to chew a tie. Every day. It may be a little rough, a tie a day, but with the price of lettuce what can you lose?

Another thing I plan to do next year is dribble. No, no, not dribble a football about the backyard. Any inebriated can do that. I mean dribble at the nose and mouth, constantly. And I will wipe it with my sleeve. This is only slightly less eccentric than picking one's nose in public and eating it, which a real eccentric will do every time.

Do I begin to disgust you? Don't worry. It gets worse. I have well-formulated plans to wear white wool sox with black patent-leather shoes, brown shoes with a blue blazer, and white shoes with an orange tuxedo.

I will wear my hair long, but always in a discreet bun to go with my granny glasses.

I am planning a big party for the Twelfth of July. So far only the Pope and a few cardinals have accepted. But I'm expecting a few other rare birds. Like King Billy the Eleventh. It promises to be quite a conflagration.

Another thing I'm going to do in the new year is not go south for the winter. This is becoming one of the more eccentric things to do.

And I'm going to change my whole attitude toward my

grandboys. No more love and attention. That's not eccentric. That's bourgeois. This year it's going to be, "Get off my clavicle, you little monster, or I'll give you a good scelp in the lurch." That'll teach them that it doesn't pay to fool around with a relic.

I have some eccentricities in store for my old lady, too. Instead of sitting there reading the paper, I'm going to look up, smile brightly and say, "Darling, that's the most fascinating account I've ever heard of how you made the bed and did last night's dishes and vacuumed the living room." She'll probably go into a state of total oblivion.

There are a few other bad habits I'll have to discard if I want to become the complete 20th century eccentric. (Don't try to say that one unless you have your partial plate in).

I'm going to stop semi-supporting my kids. No more handouts. Perhaps this seems excessively eccentric (see paragraph above), but at the respective ages of 30 and 26, they are no longer my business. In fact, I wish I had a business, so I could disown them. A nice hardware business, for example, with a net profit of about \$50,000.

I'd just love to say, "I disown you, and I'm leaving the business to your cousin Elwood, who smokes pot, hangs around the pool-hall, goes out with fallen women, and doesn't know whether his arm is glued or tattooed." I'd

Report from Queens Park

by MPP John Eakins

I'm sure you all realize that the tourism industry in Ontario is experiencing difficulties. A report by NOTO (Northern Ontario Tourist Outfitters) on the current situation is due to be released in February, which should prove interesting for the tourist industry throughout the Province. In November last year a summary background report was presented to the NOTO annual meeting in Sudbury. Doubtless much of the information contained in that submission will figure in NOTO's February report.

The Sudbury submission attempted to assess the economic significance of the industry, to identify existing and potential markets, and to identify problems, constraints and opportunities facing the industry. Findings of the report were based on 100 on-site interviews with selected lodge operators, a mail-out survey to all lodge operators and recent guests, a series of resource management case studies, and data from a variety of other reports and officials.

Virtually all operators have unused capacity, operating at occupancy ratios of 47 per cent to 69 per cent depending upon the district. Peak occupancy period varies, occurring in May and June in the Northwest, and elsewhere in July and August. Over 80 per cent of the operators can be considered experienced with four or more seasons. Turnover is low and occurs mainly due to personal factors, not business failure.

About a third of the operators are concerned

about future prospects. The depletion of the fish and game resource is considered a serious problem by 56 per cent of the operators, and there is much concern about the comparison between the price structure in Canada and the U.S. In three areas, a number of operators reported concern over the unfriendly attitude towards American visitors - a problem which could be related to recent reports of border crossing difficulties.

For the most part, visitors report a high level of satisfaction with their stay, which is extremely promising for the future of the industry. In total, 83 per cent reported overall satisfaction. However, family vacationers, especially those who did some fishing or hunting, reported highest overall satisfaction. Of those visitors who reported overall dissatisfaction, the cost of accommodation and the quality of guide services were the major reasons.

Vacationers to the North are loyal to the area - over 50 per cent of the guests have returned six or more times in the last ten years. Virtually all guests planned on returning in the next three or four years. Even 59 per cent of those not satisfied with the most recent trip were likely to return. 75 per cent of all new visitors to the area said they were likely to return in the next three or four years.

The quality of the fishing and hunting was by far the most important attraction to both new and repeat visitors. 58 per cent of new visitors reported that they had selected a resort based upon word of mouth, although marketing efforts are also important in attracting new guests.

Report from Parliament

by William C. Scott MP

The federal government's program to relocate government departments to other parts of the country is having a serious effect on the economy of Ottawa, both present and future.

In fact, the problem is so acute that it has both civic officials and business people in our nation's capital in a near panic situation.

The root of the problem lies in the fact that practically all of the federal public servants being relocated are being taken from Ottawa, and most of those are being transferred to Hull, across the Ottawa River in Quebec.

Two years ago, Ottawa's Mayor Lorry Greenburg warned Prime Minister Trudeau that any further transfers of public servants from Ottawa to Hull would leave Ottawa's downtown core a virtual ghost town. However, instead of cutting back on the transfers, the government stepped up the program.

Mayor Greenburg's prediction has come true. In its edition for Saturday, January 6, the Ottawa Journal newspaper devoted a full page to the story of how buildings in Ottawa's downtown are being stripped of federal government tenants.

Headlined "Ghost Town: The threat is fast becoming a fact", the Journal story points out that, since Ottawa is and has always been a government town, there are no civilian tenants to fill the empty space created by the public service transfers.

In addition to the owners and landlords of the hundreds of millions of dollars worth of office buildings, merchants in the downtown core are being seriously affected by the drain of office workers from our capital city.

The Journal surveyed twelve buildings in downtown Ottawa for its story, and its findings present a bleak picture of a once-bustling city.

Cont'd. page 10

love to see the look on their faces.

Or would I? This eccentric business is not as simple as it seems. And you'd better have your dentures in for that one.

Use caution on lakes, rivers

The Trent-Severn Waterway, Parks Canada, advises the public when travelling lakes and rivers for recreational or other purposes, to check the ice conditions.

Due to the annual draw-down of the following lakes and rivers to absorb some of the high water flows during spring run-off caution should be taken during the period from January 1 to March 31, 1979.

The lakes and rivers referred to are Stoney Lake, Buckhorn Lake, Chemong Lake, Pigeon Lake, Bobcaygeon River, Sturgeon Lake, Scugog Lake, Scugog River, Balsam Lake and Lake Simcoe.

Participate in Canada's Employment Tax Credit Program.

The Employment Tax Credit Program was introduced by the Government of Canada to stimulate employment in the private sector.

In essence, we're encouraging you to expand your work force by providing a tax break for your business.

The potential annual tax credit for each new employee is over \$3,000. And there is no limit to the number of new employees you can hire.

Now, by using the experience we've gained so far, we've changed the program to make it even more attractive.

Up to 33 1/3% more tax credit.

The maximum term for the tax credit has been increased from nine to 12 months for each new

employee. That means up to 33 1/3% more tax credit.

Greater eligibility.

We have expanded the number and types of businesses eligible to benefit. Now almost every business that's been operating in Canada for a year or more can join in.

Wider choice of new employees.

Now, almost anyone who's unemployed and registered at a Canada Employment Centre for a minimum of two weeks is eligible.

A minimum of red tape.

We've simplified the procedure, so you can do the whole thing, from beginning to end, with just two single-page forms.

For full details on the program, contact any Canada Employment Centre/Canada Manpower Centre.

Third period rally wasn't enough

Huskies lose 5 - 3 to Bancroft Jets

Missing their entire first line of Joe Roberts, Dave Brown and Tim Bain, the Haliburton Huskies couldn't get ahead of the Bancroft Jets in Bancroft, Friday night, despite a third period rally.

Roberts was out with a cut hand, while Brown and Bain were unable to make the game because of personal commitments. Defenseman Barry Shaw was also out with the flu for Friday's match.

The Huskies had trouble in the first two periods, managing only a single goal while the Jets managed home four in the first and one in the second to lead 5 - 1 at the end of two periods.

In the third period, however, the local team was able to capitalize on Bancroft penalties, scoring two power play goals before time ran out on their efforts.

Bancroft got off to a fast start when Al Linton put one past the Huskies at the 1:34 mark, assisted by Doug Robock and Mark Laundry.

With Huskies Steve Davies off for a two minute roughing call, Bancroft's Doug Robock got his second point of the night, assisted by Randy Franksy and Steve Charbonneau.

The Huskies came back at the 9:47 mark, while Bancroft was short one man. Steve Davies teamed up with Randy Barras to make the score 2 - 1 at the 9:47 mark.

Just over a minute later the Jets managed their third of the period, when Bill Franksy got his first of the night assisted by Charbonneau and Randy Franksy.

Bancroft's fourth goal of the period came at the 11:39

mark when Stu Syms teamed up with Dan McTaggart and Brian Laundry.

In the second period, neither team could find the net until the last minute of play, when Bancroft's Randy Franksy got his third point of the night. With Tim Oram off for a slashing offence, Franksy teamed up with Mark Laundry and Doug Robock for the fifth goal at the 19:24 mark.

In the third period, the Huskies held the Jets off with Steve Davies scoring his second of the night at the 3:37

mark assisted by Steve Farnsworth.

The Huskies kept the penalties down in the period, and capitalized on the Jets rough play, banging a power play goal past the home team at the 9:06 mark. Ed Roberts was the marksman for the Huskies, with assists from Steve Davies and Kevin O'Hara.

The Huskies had one more power play opportunity in the last five minutes of the game, but couldn't capitalize on it, and the game ended with the

score Bancroft 5, Haliburton 3.

The Huskies travelled to Beaverton Saturday night for an exhibition game against that town's Junior "C" Ice-hawks, and wound up on the losing side of the same 5 - 3 score they had faced the night before.

All of Haliburton's goals came in the second period, with Bill Hogg scoring at the 2:35 mark from Hodgson and Farnsworth, Randy Barras from Ed Roberts at the 2:58 mark, and from Hogg again at the 7:57 mark, from Derwin

Barry and Chris Hodgson.

Beaverton scored two in the first, one in the second and two in the third to take the 5 - 3 victory.

Huskies' manager Don Lloyd said Tuesday he was pleased with the team's strong showing against the "C" club.

The Huskies meet Lakefield in Haliburton Friday night for a game that promises to be an exciting one. Lakefield hasn't lost a game all year.

Game time is 8:30.

20th anniversary of Skyline bonspiel

Thirty-two rinks coming to bonspiel

One of the major winter sports events held in Haliburton County will take place this weekend at the Haliburton Curling Club when the 20th Annual Skyline Bonspiel gets underway on Friday afternoon at 4 p.m. with competitive curling right up until the final game on Sunday afternoon.

Thirty-two rinks from all over Ontario will be participating in a spiel which promises to offer some excellent curling.

Five teams are entered from Haliburton, seven from Oshawa, two from Minden, one from Wilberforce, three from Bancroft, two from Lindsay, one from Peterborough, one from Beaverton, two from Orillia, two from Tottenham, three from Toronto, one from Hampton and two from Lindsay.

Four trophies will be awarded to the four winning

rinks with the Haliburton Lumber Trophy going to the winner of the A event, Curry Motors Ltd. Trophy in the B event, Giles Connelly (Imperial Esso) Trophy in the C event, and in the D event the winning rink will receive the Black's Home Hardware Trophy. Each member of the four winning rinks will be the recipient of a miniature trophy and a prize. Finalists and semi-finalists who play on Sunday will all receive a

prize. Every curler who will be playing in this year's bonspiel will receive a crest with the wording Haliburton Curling Club 20th Anniversary. In the last 19 years, only two Haliburton rinks have ever won the Skyline Bonspiel. In 1968, Joe Iles was victorious when he skipped a rink with team members, Raymond Scott, Len Salvatori and Ken Wilson. In 1977 a rink skipped by David Bishop and

his team comprised of Murray Kuno, Bob MacNaull and Dave Gray were the victors.

If you have never been in the curling club, this weekend, Friday, Saturday and Sunday, January 19, 20, 21, would be an ideal time to look over the new premises and watch some excellent curling in the Skyline Bonspiel.

Semi-finals will be played at 10 a.m. on Sunday with the finals going at 3 p.m.

Haliburton takes Minden in Tri-County

A hat trick by Paul Silvers of Minden was tarnished Thursday when Haliburton defeated Minden 5 - 3 in a hard fought Tri-County Bantam game at Haliburton arena.

Minden's #10 Paul Silvers opened the scoring at 4:03 while Haliburton was short-

handed.

Haliburton was unable to answer Minden's opener until 3:15 of the second period when #3, Marla MacNaull hit the Minden net to even the score. At 5:12, this time while Minden was short-handed, and assisted by Dean Curry, Marla MacNaull again

beat the Minden goaltender.

Haliburton popped two more goals into the Minden net in the second period. Dean Curry scored at 8:31 and John Teljeur scored assisted by Marla MacNaull, at 9:11.

The third period saw the

Cont'd. page 7

SCORESHEET

OMHA Pee Wee, played at Haliburton, January 1. Haliburton vs. Little Britain. Scoresheets arrived too late for publication in last week's Echo.

First period: Haliburton opened the scoring at the 5:20 mark when Kelly Mitchell banged one in, assisted by Steven Dodd.

Little Britain scored at the 3:39 mark, and the period ended with the teams deadlocked at one goal each. Little Britain had two penalties in the period while Haliburton was penalized one.

Second period: Little Britain went ahead 2 - 1 with the lone goal of the period, which came at 2:12.

Haliburton had two penalties to Little Britain's one.

Third period: Haliburton evened the score with just 28 seconds remaining in the game, when Kelly Mitchell got his second of the contest, assisted by Mike MacNaull. There were no penalties in the period, and the game ended in a tie, Haliburton 2, Little Britain 2.

The teams met again January 4 in Little Britain. This time Haliburton completely dominated the scoring through three periods.

First period: Kelly Mitchell opened the scoring with an unassisted goal at 4:14. Bernie Upton got Haliburton's second of the period when he teamed up with Jeff Bain at the 5:45 mark. Haliburton had the only penalty of the period, to Kelly Mitchell for roughing.

Second period: Haliburton lost little time getting on the scoreboard again when Kelly Mitchell got his second unassisted goal of the game at 3:52. Mitchell scored again at the 5:49 mark, this time with an assist from David Giles. Rick Barnum got his first of the game at 7:04 from Harold Rowbotham to end the period Haliburton 5, Little Britain 0.

Third period: Haliburton continued to take the play to the home team throughout the period, getting off to a quick start when Kelly Mitchell got his fourth just ten seconds into the period, assisted by David Giles.

Jeff Bain got Haliburton's final goal of the contest at 6:58, assisted by Mike MacNaull.

Haliburton lost their shutout bid with just a minute and one second left in the game, when Little Britain rallied for their only goal.

Haliburton took four penalties in the second period and one in the third for a total of 12 minutes in the game. Little Britain had minors in the second and third for a total of four minutes in penalties.

Final score, Haliburton 7, Little Britain 1. Haliburton met Bobcaygeon January 5 in Bobcaygeon.

First period: There was no scoring and no penalties.

Second period: Bobcaygeon got the only goal of the period at the 9:18 mark. Bobcaygeon had two minor penalties in the period.

Third period: Bobcaygeon got their second of the contest at the 5:18 mark. Haliburton took three penalties to Bobcaygeon's two.

Final score, Bobcaygeon 2, Haliburton 0. Haliburton met Manvers January 8 in Manvers.

First period: There was no scoring, and no penalties were assessed against either team.

Second period: Haliburton dominated play throughout the period, scoring three unanswered goals. The first came at the 7:39 mark when Kelly Mitchell put one in assisted by Andrew Bishop. Haliburton scored again at the 4:58 mark when Chris Laporte beat the Manvers netminder, with an assist from David Giles. Rick Barnum scored at the 2:52 mark assisted by Kelly Mitchell and Mike MacNaull to round out the period. Haliburton took the only penalty of the period.

Third period: Haliburton again dominated play, putting three more into the net. Rick Barnum got his second of the game at the 6:55 mark, assisted by Bernie Upton. Kelly Mitchell scored his second of the game unassisted at 4:26. Charles Teljeur put the third goal of the period into the Manvers net with 1:15 remaining, assisted by Bernie Upton.

Manvers got the only penalty of the period, at the 4:59 mark for slashing.

Final score, Haliburton 6, Manvers 0.

Tri-County Pee Wee, played at Haliburton, January 6. Haliburton vs. Cannington. (Score-sheet submitted too late for last week's Echo).

First period: The only goal in the period came at the 9:29 mark, when Haliburton's Warren Perry put one past the Cannington goalie, assisted by Trevor Powers. Haliburton received the only penalty of the period.

Second period: There was no scoring. Haliburton took two penalties.

Third period: Haliburton opened the scoring at the three minute mark, when Trevor Powers banged one in with an assist from Miriam Smith. Cannington's lone goal of the game came just 33 seconds later, at the 3:33 mark when Andre Patterson beat the Haliburton netminder, assisted by Errin Stone.

Final score, Haliburton 2, Cannington 1.

OMHA Atom "B", played at Haliburton, January 12. Haliburton vs. Haliburton #2.

First period: Chris McKnight scored at 6:57 for team #1, assisted by Jim Todd.

Second period, Team #1 hit the scoreboard again with a goal by Jim Todd unassisted.

Third period with 9 minutes, 34 seconds left on the clock, Team #1, player Darren Whittaker received a two minute penalty for tripping. Eoin Ross got team #1's third goal assisted by Chris McKnight with 16 seconds left to play.

Final score: Team #1 - 3, Team #2 - 0.

OMHA Atom "B", played at Cannington, January 13. Cannington vs. Haliburton #1.

First period went by scoreless.

Second period, Cannington opened the scoring at the 8:02 mark. Anne Emerson put it in, Mathew Collins assisted.

Third period, Haliburton's Jim Todd scored at 6:30 assisted by Eoin Ross. The winner for Haliburton was put in by Eoin Ross assisted by Darryl Goodall and Darren Whittaker at 14:15.

The final score in the penalty free game was Haliburton 2, Cannington 1.

County Echo Sports

Alternative hockey system proposed

from page 4

organizations. Splinter groups could be harmful because of the possibility of rivalry. But, if their workload is already too heavy then adults interested in the welfare of our children should see that an alternative is available.

REASONS: (1), Minor hockey registration is down; (2) Girls want to play; (3) There is an increasing discontent with all the travelling within both the Tri-County and OMHA leagues; (4) There is increasing discontent with violence in hockey both in the stands and on the ice; (5) There is an increasing concern about the kinds of attitudes, behaviour patterns, and personal relationship skills the young men are learning. There is a growing feeling that organized minor sport could be having a negative effect on childhood behaviour patterns.

ALTERNATIVE NAME: "C.H.E.A.R." (for) Hockey.

MEANING: Players should play to learn; Care and concern for others; Honesty and honour; Enjoyment and fun; Accountability; Responsibility.

PHILOSOPHY: I will outline a type of sport organization that uses competition to heighten the excitement and fun but at the same time plays it down so that the drive to win doesn't lead to cheating, hostility and revenge.

DESCRIPTION: Registration should be limited to 26. This is enough for two lines for two teams plus a few extra. It would be open only to boys and girls who are not presently registered in an organized minor hockey league. The fee should be the same. The equipment should also be the same plus two sets of coloured bib markers.

ICE TIME should be 1½ hours per week. The first ½ hour should be devoted to skating and fitness; the second ½ hour should be used for learning to make and receive passes; and the third ½ hour should be used for a game designed to practice the skills being learned and to learn the rules of the game.

RULES would be exactly the same as those used by the present minor hockey associations.

The **VOLUNTEER HELP** needed for this league may be more. Each group will need two coaches, an expert in skating skills, one or two referees, and one volunteer to help with the markers during the game.

The **GAME PLAY** would be essentially the same as any game of hockey with two exceptions. The first has to do with records. No formal records are to be kept of either team or individual scores. The game score would be flashed on the scoreboard as is usual in any game but that is all.

The second and biggest exception has to do with the rotation of players. A system is to be set up so that players are constantly going back and forth between teams. This will require the use of the coloured bib markers suggested above. This rotation system can take many forms. It should be created and adjusted by the coaching team. It must ensure that players are changing teams regularly and that the players are on the ice with different players each time. Provision should also be made for the goalies to play out.

FINAL NOTE: The essence of the game is retained. The adversary element is removed. Each player is on the same team with each other player many times during the game. In my mind a system that encourages cooperation and friendship is preferable to one that fosters hostility and animosity.

Curlers face stiff competition

Four Haliburton curlers travelled to the Dalewood Curling Club near Port Hope last weekend for the District Business Girls Trophy competition. The winning team from this event advances to Provincial competition. Representing the Haliburton Curling Club was a team skipped by Phyllis Woodcock with Linda Collins, vice; Kit Koehler, second; and Sheila Elston, lead.

In their first game, the girls faced Jean Flegg's rink from Oshawa. The game was close in the early ends with each team alternately taking a single point. However, in the latter stages, Oshawa came up with some big ends and

One win, three losses for Bantams

Although Haliburton OMHA Bantams had a busy week of hockey with four games, three of which were away, the results were disappointing: one win and three losses.

On Monday, January 8, Haliburton travelled to Manvers for an 8 o'clock game. Unfortunately, the Haliburton boys went to sleep at 8 and never woke up; - final score Manvers 4, Haliburton 0.

On Tuesday, January 9, the local boys hosted Little Britain and hosted to a 12 - 0 decision. The Haliburton goal scorers were Steve Smith with three, Dave Nicholls, Duff Mitchell and Scott Rae with two each and Fred Roberts, Paul Vukic and Steve MacNaull with one each. Assists went to Dave

Nicholls with four, Steve MacNaull with two and singles going to Glen Evans, Scott Mitchell, Scott Rae and Paul Vukic. Tim Deremo in net earned the shutout.

On Friday, January 12, the Haliburton team travelled to Woodville, only to run into the same problems as they did on Monday when they

travelled; very slow, uninspired play. The final score was Woodville 4, Haliburton 1 on a goal from Dave Nicholls.

On Saturday, Haliburton and Minden clashed in an exciting game in Minden. Haliburton led 1 - 0 at the end of the first on a goal by Nicholls, assisted by Duff Mitchell. Again they led 3 - 1

at the end of the second on goals by Steve Smith from Dave Nicholls and Dave Nicholls unassisted. Minden however, scored three unanswered goals in the third period to win the contest 4 - 3.

On the positive side of the coin, Haliburton showed improved goaltending by Jamie Bennett and Tim Deremo

during the week and also improved defensive play by Glen Evans and Norm Berry. Duff Mitchell and Paul Vukic.

The regular schedule ends this week with the local boys travelling to Omemee on Tuesday. Play-offs will start soon with Haliburton meeting their old rivals in Cannington.

Haliburton curling club news

by Don Poppel

This weekend the 20th Annual Skyline Bonspiel will be held at the club with 32 rinks participating. This should be an exciting spiel as always and promises to offer some excellent curling. Only two Haliburton rinks have ever won this bonspiel. In 1968, Joe Iles was victorious when he skipped a rink with Ray Scott, Len Salvatori and Ken Wilson. Then in 1977, Dave Bishop's rink with Murray Kuno, Bob MacNaull and Dave Gray were the victors. If you've never been in the new curling club, this weekend would be an excellent time for your first visit. Action gets underway at 4:00 p.m. Friday.

On January 8, 9, 10, Dick McLean took a rink from our

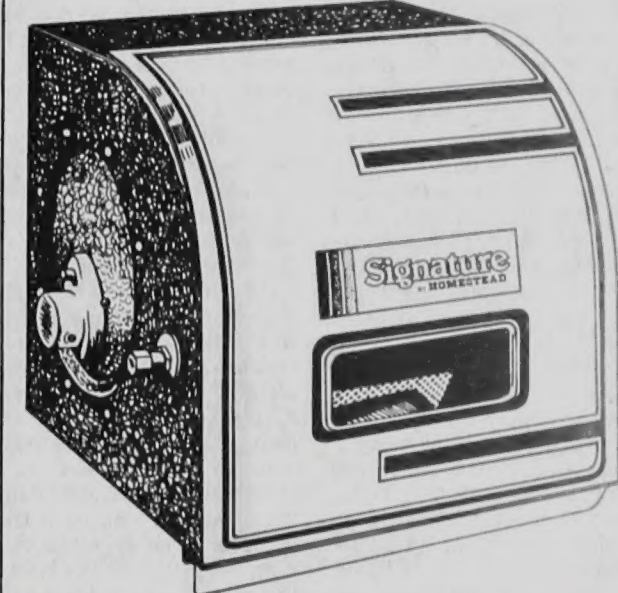

club to the R.S. McLaughlin Spiel in Oshawa and they were winners of the 4th event. Glen Blair, Clarke Bailey and an unidentified fourth made up the balance of Dick's rink.

This past weekend saw our club represented in two bonspiels. Bob Collier and his rink of Jean Collier, Doris Winter and Clarke Bailey played in a one day mixed spiel in Bobcaygeon and won three games, coming in second overall with 47 points.

The Business girls skipped by Phyl Woodcock journeyed to Dalewood to participate in a double knock-out spiel. Linda Collins, Kit Koehler, and Sheila Elston made up this rink and they won one game and lost two games.

Dave Gray and his rink of Linda Beachli, John Beachli

County Echo Family

News from Extendicare

by Dr. W. O. Anderson

It is interesting now and then to try to take stock of where we are and who we are in this overwhelming colossal void we call the universe, a space which is infinite, that is, having no boundary. It is very probable that earth alone is capable of supporting life even though there is interest now and then in UFO sightings, and awareness of the other billions of celestial bodies we know to be. Life supporting conditions must be very precise and delicate to have permitted life to exist on earth the past one or more billion years.

Monday noon Grace was said at the request of Mrs. Pat Burk, our activity director by Jack Pollard at dinner. This was voted on by the Happy Gang and passed nearly unanimously the previous regular meeting Wednesday.

At the same meal "Happy Birthday" was sung to Charlie Rumbellow who was born in the year 1898, making him one of our octogenarians. Here is hoping he will have many more with us.

Unbelievable as it sounds, our ladies at last have started to make a quilt with alternate patterned squares of light and dark material. It is certainly going to make a nice covering for someone. It is still not known where the frame will be set up to do the stitching. Anyway, good luck whatever they are doing or about to do; and exercise in ambition.

Bingo went smoothly Tuesday afternoon and among the helpers Mrs. Dorothy Iles brought some fushia and white fushia cuttings. To be sure they went into plastic under lights right away because they are more difficult to propagate any other way. We have been promised some cuttings of the Christmas cactus which is very interesting, because we understand this plant will not root as a slip. We will believe it when we see it.

During the Christmas period Miss Diane Gervais, one of our aides, was successful in getting alternate employment and has left the staff. We are sorry to see such an ambitious young lady leaving.

This nearly a century old rail line from Haliburton to Lindsay has become a conversation piece, but not long ago it was a life line to the settlement of Haliburton County. It would be interesting to know which was more overall: the costs or the receipts. No doubt it would be folly to ask the CN, because like the government such information is secret and of no business of the taxpayers, but is readily available in the accounting records of the CN in New York city. This

was a mystery revealed to a discussion by the Happy Gang of an article appearing in the Echo relating to the attitude of the Municipality of Dysart et al. It appears that the secret account of CN is still much the same as it was in England in the days of Scrooge. In Canada all citizens are subjects and therefore diminutive not rating the information of government.

Our latest jigsaw is finished, having taken three weeks. It is possible that it would have taken three additional weeks without extraneous help, because for some reason we are much more thick headed than they are, and a thick head is no match for a jigsaw.

A very nice adventure can be had by picking up one of those nursery catalogues that come in the mail now days to interest one and all in the pleasures of plants and flowers and perennial edibles. There are tulips, amaryllis, daffodils, mums, spirea, hydrangea and many others in flowers and straw and raspberries, rhubarb, artichokes, dwarf apples, even onions, in the edibles. The above is a very spare listing.

Friday morning was our devotional period, over which Pastor Glenn Rosch of the Full Gospel Lighthouse in Haliburton, presided. He was in the company of his wife Julie, who was the very capable pianist, and the amazing Charles Plewman played his harmonica in accompaniment. An added attraction was Miss Joanne Cole, a bible student of Fencelon Falls Bible School, who gave the spiritual message of the service, the theme of which was "trust and accept Jesus forever and let this light shine". Jesus personifies everlasting love, strength, salvation, gospel, life, light, kindness and joy. One can look everywhere and find nothing else in this life as enduring. Miss Cole is to be commended for her gracious and sincere testimony. Before the service closed we were all wished a very happy and prosperous new year.

In the afternoon were our regular movies. 1. Ringtail; the antics of a very mischievous raccoon; 2. Notes on triangles. This beggars description; 3. Giants of Western Canada, a casual movie on the large breed of the Canada goose showing their general behaviour and habits.

Some time ago we got the idea that perhaps resident's visitors were newsworthy, but on trying it out we got the impression that news seeking among the visitors may be misunderstood, and perhaps resented. Rather than drop-

Cont'd page 11

Amelia Good sends a ball down the carpet as her partner Bill Deacon looks on last Thursday at Hyland Crest Senior Citizens Home in Minden. Carpet bowling is a frequent form of recreation at the home, and the action never fails to draw onlookers ready to provide the bowlers with a little good natured advice. Residents of the home are busy preparing a float that will take part in the upcoming Kinsmen Winter Carnival parade.

Guild of Fine Arts News

by Carole McLean

Welcome 1979, and welcome back all guild members after a joyous holiday and a much earned rest. The coming year holds much in store for us and efforts are again underway to see the fulfilment of our plans and dreams to make it our most successful year yet.

The school and Guild are once again a hive of activity awaiting the students for the 1979 January through May sessions. A special meeting was held on Tuesday, January 16 at the School of Fine Arts for the respective heads of each group within the guild and Barbara Bolin of the School of Fine Arts, to discuss the educational needs of each group and the possibilities of setting up an agenda of courses for the coming year. It's another example of the cooperation and harmony between the Guild and the School, as well as the communication within all groups.

The Pottery Group

Pottery classes have been scheduled to begin on January 15, and our hope is to see the return of all our fall members as well as any new members who would like to try their hand at creating their own planters or ovenware. Once you become involved you will find it a fascinating outlet for your creative urges. Once you sign up, the first few weeks are spent in familiarizing yourself with the medium. This entails hand work, which means building bowls or boxes by means of coil - rolling out coils of clay and adhering them one on top of the other until a desired shape is obtained. The second is the slab method - rolling out the clay like pie dough and in some cases using it in the wet state, or allowing it to dry to a leather hard stage, cutting it

with a knife into the desired shape and then adhering them together. These two methods give you a working knowledge of the medium and its flexibilities so that when the time comes to try your hand at wheel work you will attack it with a confidence you would not otherwise have.

Clay used at the studio is stoneware clay and in its unbaked state is termed greenware. It is then fired and becomes bisque ware. This next step in the making of a pot is as important as the original construction of the piece, as I have seen (from personal experience) many beautiful pieces ruined by the hurried or incorrect application of glazes. All glazes used are unleaded, which allows the finished product to be

safely used in the oven. All ovenware produced must be set in a cold oven and heated to the desired temperature. So as well as making attractive items, they are also functional.

The pottery group is proud to announce it has purchased new equipment to add to the facilities already owned by Sir Sandford Fleming College's School of Fine Arts. We now have an additional five wheels, bringing the overall number to 12. Also purchased was a new kiln, making the total number now three. The funding for the new equipment was made possible by the hard work of the pottery group, Wintario and a donation of \$1,000 from the Haliburton Highlands Guild of Fine Arts. A special thank you goes to Mary Wallace for

undertaking the responsibility of the paperwork and seeing the job through, also Bill Barnes and the ARC Industries adults for their help in setting up the equipment. To Don Finn for supplying the transport and Gloria Carnochan and Steve Hartwick for braving the elements in travelling to Toronto in order that our equipment be picked up and delivered to us at a moments notice. To all the special people a very special thank you.

Weaving Group

The response received after the fall beginners course in weaving has prompted another such course to be held in the 1979 January through May session. This course will be held on February 6, 7, 8, for five hours a

day and will once again be taught by Judy Chapman through the School of Fine Arts. Judy is a competent and dedicated weaver and enjoys sharing her craft with others.

In chatting with her over the success of the 1978 fall courses, I asked what plans were in the works for the new year. Judy informed me that the majority of the participants in her class, rather than becoming serious weavers were ardent hobbyists and therefore a course entitled "weave-a-project" will be instituted, leaving the choice of article up to each student, such as pillows, jackets, purses and etcetra. Watch for the time and date to be advertised in the coming weeks.

Carnarvon News

by Yvonne Penney

The sympathy of the entire community goes out to Norm Wallace and his two daughters and families in the loss of a wife and mother. Vi was a true Christian and certainly worked hard for her church, community and family. She will be sadly missed by us all.

Ticket sales are going well for the benefit dance for the Reid family. There are a limited amount of tickets as the hall is not too large. If you plan to attend, be sure to get your tickets soon. Call Shirley Harrison at 754-2984.

Our next U.C.W. meeting here in Carnarvon will be held on Wednesday, February 7 at one p.m. Since Mabel Russell and I are responsible

for the program for February, we are having a special film entitled "A Walk In Another Pair of Shoes", which is concerned with children with learning disabilities. Dawn Brohman, who is program director of the Haliburton County Chapter of the Ontario Association for Children With Learning Disabilities, will also be in attendance and we will have a discussion period following the film. All parents who are interested are invited to attend this meeting.

There will also be a public meeting of the previously mentioned association about the middle of February which

Cont'd. page 12

Norland Notebook

by Barbara Maunder

Something of interest to all in this area is the awarding of the contract to build the Ontario Provincial Police Building on Highway 48 just West of Cobocok. Westmount Engineering Construction Company of Peterborough will start work on the contract immediately and completion is expected by November, 1979. An area of 705 square miles in the northern sector of Victoria County and Galway Township will be served by the 18 uniformed staff and civilians from this new building. The structure will be single storey with a gross floor area of 4,400 square feet consisting of offices, radio room, reception area, interview room, cells, lunch room, storage and double car garage, with the decorating being done by Dave North Decorating Service of Cobocok. It is to be hoped that when the construction is finished there will be an officer on duty 24 hours. As it is now, there is no one at the OPP headquarters temporarily located at Fenelon Falls, after 5:00 p.m. and before 8:00 a.m. and if you require police assistance at other times you call the Zenith 50000 telephone number which puts you in touch with the OPP detachment in Lindsay and your call is relayed to an on-duty police officer in this area.

Perhaps there has been a

misunderstanding as to whether or not there is a charge to skate on the new ice rinks recently finished in Ward Park. I have been assured by the township clerk that skating is free to all so lace up your skates and enjoy, enjoy.

On Saturday, January 20, the Ladies Auxiliary of the firemen invite one and all to their first dance of the season in Norland Community Hall from 9:00 p.m. to 1:00 a.m. The Country Rollers group will supply music for dancing and a limited number of admissions at \$4.00 each are available at the door. The bar will be licensed by the

L.L.B.O. and a buffet lunch will be served.

There is a fire call agreement between Lutterworth and Somerville Townships with our township fire department. Somerville residents who live east of Norland on Highway 503 up to and including the home of R. Cook and those on Buller Road to the boundary line as well as Birch Point cottage owners can call Norland - 454-1119 for fire assistance. In Lutterworth Township, the fire truck from Norland would answer calls on highway 35 north to Miner's Bay Lodge and the Little Gull Lake area

on Deep Bay road. Please note this information if you live in these areas of the townships and keep it handy for quick reference.

Norland bowling team standings as of January 10, Game, Series 2 are teams of N. Chynoweth - 37 pts., L. McLean 33 pts., B. Maunder 32 pts., K. Watson 31 pts., T. Watson 29 pts., B. Davey 24 pts., L. Jewell 22 pts., and D. Boyce 16 pts. Ladies high single Betty Davey 271, High triple and average, Nelly Chynoweth 646, 190. Men's high single Fred Patullo, 249, high triple Lyle Jewell - 608 and high average Harry Smith 197.

For the winter months there are no set hours for use of the Township waste disposal site. It is open all day every day which is a great help to anyone who wants to dump garbage, rubbish, etc. on days other than Thursday

and Sunday. However with no supervision, the area is quickly becoming unkempt and untidy. Part of the blame rests with those who are not taking the time to throw their garbage into the trench beyond the low snowbank, but are leaving it, instead, between the snowbank and the trench. If this continues you can imagine just how unsightly our waste disposal site will look by spring. Do take that extra minute and few steps and help to keep it looking less like a "dump."

Effective January 1, 1979, all persons of age 16 or over must first obtain a fire acquisition certificate (F.A.C.) before acquiring possession of a firearm in any manner. These applications are available at outlets that handle firearms or at a police office which in this area is O.P.P. Detachment, Fenelon Falls. The F.A.C. costs \$10.00 and is

good for five years with no limit on the number of weapons that can be acquired but the permit must be produced each time. You do not need a F.A.C. to sell a firearm but to sell, barter, give, transfer, lend or deliver any firearm, you must be sure that the person has a F.A.C. These rules apply generally to firearms such as rifles, hunting weapons and shot guns. Such restricted weapons as revolvers and pistols require a permit to convey as well as a F.A.C. and a new permit to convey is needed for each transaction in these restricted weapons as well as the usual registration procedures. These permits to convey can also be obtained from the O.P.P. Fenelon Falls. I'm sure if you have further questions pertaining to this new firearm law that you can call O.P.P. Fenelon Falls for answers.

Fire Chief, Jim Boyce is the fortunate man who won the firemen's Hockey Pool on Saturday, January 6.

January is the month of the Church Congregational meetings. In the United Church Cobocok charge, Burnt River United Church met on Thursday, January 4, at 8:00 p.m. Knox United, Cobocok had a pot-luck dinner after church on Sunday, January 7 and afterwards their annual meeting. On January 10 at 8:00 p.m. Baddow Church held their congregational meeting and Kinmount will meet at 2:30 p.m. on Sunday, January 14. Norland congregation will have supper at 6:30 p.m. on Monday, January 15 followed by business reports for 1978. The official board of the Cobocok charge will meet in the Knox United Church Hall, Cobocok at 8:00 p.m. on Thursday, January 25.

Kinette Club News

by Wilma Powers

The Haliburton Kinette Club was officially formed in October, 1978. Since then a general meeting has been held at the Lakeview Motel on the first Wednesday of every month. The members take turns hosting the executive meeting on the third Wednesday. Different themes are planned for the year.

The December meeting was "Wives of Kinsmen Night" with Christmas crafts being displayed. Pat Campbell was there to give new ideas for Christmas decorations and gifts.

The January meeting was "Bring Your Hubby Night".

An auction was held to raise money for community projects. It was very successful. Many different ventures are in the planning stages. These include bake sales, rummage sales, etc., with the most immediate one being a Sweetheart Dance. This will be held at the Legion Hall on Saturday, February 10 from 9 to 10. See Coming Events for further information.

Many of the town merchants are assisting us in the sale of Service Club Calendars. These are available in the different stores and proceeds will go to aid the club in carrying out community work.

Senior League

Residents of Hyland Crest are busy planning the float they will enter in this year's Minden Winter Carnival parade, next weekend.

Theme of this year's parade is winter activities, and the Hyland Crest float will depict an old time winter scene. Work on the float is expected to begin this week.

Besides the float, residents will also take part in the parade through riding in the home's bus, which will accompany the float along the parade route.

Snowfalls and poor driving conditions have made trips outside the home impossible in recent weeks, according to activities director Lil Rawlins, but a full slate of indoor activities continues throughout the week.

On Monday the regular fun and fitness session took place in the morning. In the afternoon it was crafts, and in the evening two films were shown. "Edge of Evolution" focused on the polar ice cap, and on the muskox that flourishes on top of solid ice. The second film, "Abitibi paper", showed the process through which spruce, balsam and pine are made into various paper products.

On Tuesday, chapel was led by Rev. Schmidt. In the afternoon a bingo was held, and in the evening the Kinsmen were on hand to lead another session of bingo.

On Wednesday the morning was taken up with fun and fitness programs, and in the afternoon there was the sec-

ond craft session of the week.

On Thursday residents enjoyed a tea party sponsored by the Haliburton Legion Ladies, who were on hand to serve tea and baked goods.

Friday a number of resi-

dents enjoyed a lively game of carpet bowling, and in the evening Grace Colborne was on hand to lead a singing session.

A dinner party is being planned for February 6.

Fish

Because fish is so perishable, it is difficult to buy fresh fish in most parts of Canada. However, freezers and modern transportation make frozen fish available year-round, all over the country.

At this time of year, fish is a welcome change in the diet. It can be prepared in so many different ways and it's quick too. Economically, it's a winner since frozen fish fillets are all edible — no waste. If you figure the price per serving you'll agree frozen fish is a thrifty buy.

Read package instructions before preparation. Do not thaw at room temperature; if thawing needs to be speeded up, insert the fish package in a waterproof plastic bag and immerse it in cold water or leave under slowly running water.

Cooked fish can be kept in the refrigerator for about 3 days, in the freezer for 3 months.

Mrs. Green is available to talk to groups about shopping and other subjects of consumer interest. Please write: Box 665, Toronto, M4Y 2N6.

Coboconk News

by Shiela Lake

The A.L.M.F. held their monthly meeting at Faith Tabernacle, and began the new year with a small group due to inclement weather.

Meeting opened with singing and scripture reading from Irene Brohm, the president, followed by prayer by Irene Brohm. Minutes of last meeting were read by Frances Farrow. Thank you cards and notes were read from recipients of Christmas boxes. Letters from three of our missionaries were read, from the Welsh's, the Heinziens, and the Revests.

The financial statement was read and decisions on what financial help we could give to missionaries and ministers were made. It was moved by Olga Weaver, seconded by Irene Brohm that \$25. be sent to Harvestine, \$50. be sent to the Cupboard to buy linens, etc. also a donation of \$100 will be sent to our home missionaries, the Welsh's. Smaller gifts of money were designated to Peter Barbour who pastors at Simcoe; to Raymond Cole at Shiloh; and also \$100 to be sent to Missionary Linda Nagel. Dues were taken and the dime card was passed. The upcoming convention beginning February 6 was discussed. Meals will be provided for three days. A meeting for the end of January was planned to further discuss meal planning for the convention. The meeting closed with prayer.

Mr. and Mrs. Charlie Routley, accompanied by Mr. and Mrs. Everett Fountain of Norland were Sunday night supper guests of the Fountain's daughter, Dixie; Mr. and Mrs. Bob Anderson at Bobcaygeon.

Mr. and Mrs. Roderick Wessell and family and Mr. and Mrs. Donald Wessell and family all of Sault Ste. Marie spent Christmas with their families, Mr. and Mrs. Sid Wessell and Mr. and Mrs. Ingram Wessell and family at Moore's Falls.

A well-known resident passed away last weekend. Mr. Charlie Weaver. The original "C. D. Weaver", well-drilling operator, a business now carried on by son Gordon, fought a long battle against cancer. Our sympathy goes out to the family in the loss of a husband and father.

Another former resident passed away this past week in Lindsay. Mr. Norman Rutter, whose brothers Tom and Bill are residents here was laid to rest on Saturday. Our sympathy to daughter, Norma Brohm of Norland, and brothers here.

Mr. and Mrs. Everett Fountain of Norland, were Wednesday evening supper guests of Gladys and Charlie Routley, and Friday evening the Routleys were supper guests of the Everett Fountains of Norland.

Mr. and Mrs. Joe Smales enjoyed a three week visit with Joe's brother, David Smales and David's daughter, Toni; David Smales and daughter returned home to Beverley, Yorkshire, England this week. Little Toni enjoyed her first ice skating; her first skiing and her first snowmobile ride while here, and visited a lot with friend "Auntie" Gwen Rutter.

Rather than being improved since we keep paying more, the postal service seems slower. Our daughter and husband got a Christmas card on Friday, January 12 from her uncle Don that was posted December 18. Uncle Don lives in Don Mills - our daughter on Victoria Park Avenue, Scarborough, about a 10 minute drive between addresses. That is 25 days to go that distance. No wonder more and more mail is going by courier service. The old mail carriers who use horse and buggy as the means of transportation did much better, I'm sure.

I'm sponsoring a snowmobile in the upcoming Whimper Watson Snowarama for crippled kids the first weekend in February. The snowmobilers enjoy the 100 mile trip in the crisp outdoors that starts at Minden and makes a big loop. Last year's trip was from Minden to Carnarvon, Dorset, Ox-Tongue Lake around the south side of Algonquin Park, back to Haliburton, then on to Minden. If you are interested in going, inquire in Minden regarding the route; and two fellows who are looking for more sponsors, namely Bill Hirstwood, can be reached by phoning 488-2071 evenings or Clinton Hirstwood phone 454-3307. This is a most worthy cause, and sponsors are needed. "Ride for a crippled kid."

When you are preparing some mail, how about sending a pretty get well card to Mrs. Sandra Montgomery, Bayview Ave., Sunnybrook Hospital, Toronto, Ontario? Sandy has been in Sunnybrook for some time. A pretty card would brighten her day.

The Gibson Girl Fashions has moved to Fenelon Falls. They are now located at 7 May Street by the locks. We wish Mrs. Gibson success in her new location. Drop in and see her and look over the newest fashions. I'm sure you'll enjoy meeting Mrs. Gibson in her new store. Good luck to you, Mrs. Gibson! We will miss your pretty window display here as it brightened our quite little thoroughfare! The vacated store has a display of pretty crafts now in the window. More about that later.

Have you been in the \$5-\$10.00 store? Marg and Jim Hockley are making some changes there; new shelves and counters. Well, anyway, just go in and have a look.

Mr. B. Basque of Eastmount Ave., Toronto won \$15.50 in the 50-50 draw at Legion 441 Saturday night. He came in from Crystal Lake by ski-doo.

Mr. Bill Lilley of Norland won the \$20.00 hockey pool at the Legion.

Miss Marguerite Curtin is out of hospital and staying with her aunt in Peterborough.

Mrs. Kaye Allen spent last week in Bobcaygeon visiting with Mary Monro.

Mrs. Clara Watson left last Thursday and went to her daughter Charlene Fountain's in Oshawa. They went to a three day hockey tournament with Steven at Staynor.

Mrs. Gladys Silver won \$37. at the Legion Bingo Friday night and Elaine Far-

Kinmount Klippings

by Fran Crawford

Hi folks. We sure have plenty of snow now. I think we should all thank the guys on the Department of Highways, county and municipal snowplows. They are doing a terrific job.

The chicken-pox are starting the rounds. Kelly-Lynn and Travis Kellett are off my bus this week. We miss them and wonder who is next in line.

You weight lifters please be careful. A freak accident last week caused little Robbie Stata to have four stitches in his neck.

Have you been in the \$5-\$10.00 store? Marg and Jim Hockley are making some changes there; new shelves and counters. Well, anyway, just go in and have a look.

Mr. B. Basque of Eastmount Ave., Toronto won \$15.50 in the 50-50 draw at Legion 441 Saturday night. He came in from Crystal Lake by ski-doo.

Mr. Bill Lilley of Norland won the \$20.00 hockey pool at the Legion.

Miss Marguerite Curtin is out of hospital and staying with her aunt in Peterborough.

Mrs. Kaye Allen spent last week in Bobcaygeon visiting with Mary Monro.

Mrs. Clara Watson left last Thursday and went to her daughter Charlene Fountain's in Oshawa. They went to a three day hockey tournament with Steven at Staynor.

Mrs. Gladys Silver won \$37. at the Legion Bingo Friday night and Elaine Far-

rell won \$10. This week will be 5% numbers called for \$165. pot.

Hurray - Kinmount beat Coboconk 10 to 2 on the weekend. They are a real hockey team. They've already lost six games.

All you skaters. The arena is open for public skating Wednesday and Friday evenings from 7-9 and Saturday and Sunday 2-4. There have been good crowds but always room for more.

Merle and Judy Graham and their daughters Donna and Denise are joining Sandy and Joe Fecht and their sons Galen, Aron and Joel, all of Irondale, and are leaving Saturday and motoring to Florida for two weeks. Happy trip and hope the weather is good.

Our Horticultural Society had a meeting last Thursday night and Sam Telford resigned as president and David Longford has taken that office. Arnold Schroter is the new vice president and second vice is Clara Watson. The directors are Florence Schlosser, Betty Longford, Mary Hartin, Aileen Brown and Marg Hockley. Marg Telford resigned as secretary treasurer. There are 218 members and I am one of the nearly 200 who did not show up at the meeting.

The Kinvale opened last Thursday. The Fransen's have really made some changes. It is really nice and homey now. Gladys Silver is working there and Elaine Farrell will be there on weekends.

It is still snowing and blowing. Drive carefully, see you next week.

Homemaker service to amalgamate

EDITOR'S NOTE: On November 22, 1978, at a joint meeting of the Red Cross branches of Haliburton, Minden and Wilberforce, it was decided that the administration of the Homemaker service in the county should be carried out from Lindsay, at the request of the Ontario division of the Red Cross. The following is a report from the local chairman of the Homemaker service, Ken Sanderson, whose function as chairman ceased with the change-over to administration from Lindsay.

On November 9, 1978 a meeting of all Homemaker chairmen and committee members of Region 4 was called by Ontario Division Director of Homemaker Service, Kevin Roxby and held in the Department of Health office in Lindsay. Representatives from the Haliburton and Wilberforce branches attended. Mr. Roxby related financial statistics that clearly indicated the Homemaker service in Ontario is costing Red Cross a very heavy loss in revenue. This is mainly due to sparsely populated areas where a combining of the service under one supervisor has been necessary and accepted rather than discontinuing a service.

The Haliburton County Red Cross Homemakers Service commenced March 1, 1977 and operated under the capable supervision of Mrs. Shirley Mumford, R.N. Its formation took considerable time and planning and much credit goes to Mr. Allan Stott, then president of Minden branch.

Figures given at the November meeting clearly indi-

cated a decision had to be made. As the Minden branch was not represented, chairman Ken Sanderson requested an opportunity to call a meeting of the three Red Cross branches. On November 22 a joint meeting of the three branches met in Haliburton and was well attended. Ronald Curry, Director of Ontario Red Cross Hospital Association representing Haliburton and Bancroft, was in attendance. A representation from Lindsay and district was made up of Region 4 chairman Dr. Ron Sears, Lindsay branch Homemaker chairman, Mrs. Jan Walling and Homemaker supervisor for Lindsay and district, Mrs. Pat Angiers.

Although there is a great need for the service in the county, the restrictions qualifying factors placed by the Ministry have reduced the working hours of homemakers which are necessary in this type of operation to directly offset administration costs.

A very clear picture was presented and outlines that to

date the service has cost Ontario Division of Red Cross close to \$3,000.

A strong feeling existed to retain the supervision in Haliburton County but proved to be uneconomical. Three choices remained; to combine services with Lindsay; to subsidize the program by increasing campaign funds to meet the deficit; or to cancel the service.

A motion by Mr. Allan Stott proposed that Wilberforce, Haliburton and Minden branches amalgamate the supervision of the Homemaker service under the existing supervisor in the Lindsay and district branch. The motion was seconded by Mrs. Lila Austin and carried.

With the V.O.N. taking on chronic care patients as of January 1, 1979, supervisor Shirley Mumford asked that her resignation be accepted in order that she may devote full time to her V.O.N. nursing.

A vote of thanks was

extended to Shirley for her very capable way in handling the duties of supervisor and the good cooperation received from the homemakers.

As of January 1, 1979 the Haliburton County Homemaker service is under the supervision of Mrs. Pat Angiers in Lindsay. Contacts are made on a Zenith line.

During the formation of our local service, Mrs. Angiers travelled to our county on several occasions and was a tremendous help in organizing. She is a very capable person, has parents living in Glamorgan Township and has recently acquired a cottage in the area. Meetings are being conducted with our Homemakers and with Red Cross taking on chronic patients for the Homemaker, it is anticipated that the workload will increase.

A representation by the president of each branch will form part of a combined board with Lindsay and district.

Report from Parliament

from page 5

The Sir Guy Carleton Building, all fourteen floors except the ground floor empty; Copeland Building, four and a half out of six floors empty; National Building, seven of 13 floors empty; Kent-Albert Building, six of nine floors empty.

Union of Canada Building, seven of ten floors empty; Goldstein Building, three of five floors empty; Concord Building, formerly housed 450 employees, now empty; Congill Building, 12 of 20 floor empty.

Centennial Towers Building, all 15 floors empty; City Centre, five and a half of eight floors empty; and the Jelnor Building, all five floors will be empty in March.

And still the transfers of public servants continue, in spite of the effect on Ottawa's economy, and in spite of the fact that the transfers have plunged public service morale and efficiency to their lowest level in recent memory.

Ottawa city officials and local business associations have been holding meetings to try to work out solutions to the problem of empty office buildings, and the loss of customers for downtown businesses, but so far they don't appear to have made much headway.

Some businesses have already given up the fight. Two businesses in the downtown core recently declared bankruptcy, after almost 100 years of doing business in the same location. It is predicted that others will follow.

It is difficult to fathom the federal government's motives in these wholesale transfers of public servants from the capital city. For example, during recent discussions between federal and city officials on the effects of the transfers, the Department of Public Works announced that it still planned to transfer its employees to Hull by 1983, vacating four million square feet of office space in downtown Ottawa.

Wilberforce News

by Winnie Schofield

Derek and Patti Smith and the two children have moved from this area and will be greatly missed by their many friends. Derek is a fine craftsman who fashions beautiful pine wood furniture. An example of his work is the handsome trophy cabinet to be seen in the snack bar area of the arena. It is unfortunate that their new home is in Haliburton Village. We can still keep in touch.

Congratulations to Cindy Daniels who recently celebrated her twenty-first birthday and to Cheryl and Scott Dell on the occasion of their seventh anniversary.

Two new Brownies were added to the Wilberforce pack December 18 and two more on January 8. Tina Billings and Ruth Major of Tory Hill, Angela Waugh and Dorothy Sanderson are the new members. Membership now stands at 15. Two teenagers who can scarcely wait to be old enough for initiation are Mae Ann Jordans and Rene Casey. A few more months will do the trick.

The Monmouth Library Committee which holds about four meetings a year consists of four members: Keith Cameron, Olive Atkinson, Donna Herbert and Mary Barker. Mary is a representative of

the Monmouth Council. Kathie Anderson has been appointed to the County Library Board and will attend committee meetings.

The craft class that was being held at the library in the evenings has been discontinued. It is expected that in February a new class will begin in Highland Grove.

A motion was passed at the meeting of January 9 of the Royal Canadian Legion Branch 624 that from this time on through the winter months the Legion will be closed on Mondays.

A.C.W. members of St. Margaret's church met for their monthly meeting at the home of Mrs. Sylvia Cameron. The ladies quilted a crib cover and tied to other crib quilts. There were ten members present and they were pleased to welcome back Mrs. Joyce Holmes. A number of fine knitted garments and other items, intended for future shipment for the needy, were on display. These handmade articles testify to the generosity of community workers who give their time and effort for others. As always there were toques, mittens and scarfs beautifully finished by Mrs. Evelyn Johnston and her sister Mrs. Kathleen Leitch.

Registered Retirement Savings Plans*

Put a little aside for the future with a Victoria and Grey Trust Registered Retirement Savings Plan. Victoria and Grey has 5 RRSP Plans from which to choose. The money invested in each Plan provides for tax deferrals and the return on your investment is allowed to accumulate tax-free until you withdraw the funds from the Plan. Simple. Safe. Come on in, it's time we talked about tomorrow.

Chatting with Irene

by Irene Moore

There is a saying "Let January's kingdom be just the sparkling start of a year of grace and blessings to keep within the heart." Right now I can't see anything but the sparkling snow, both on the ground and in the air. What did we do wrong to get so much snow over the weekend? I would like to say hats off to all the road crews who worked so hard Saturday night and Sunday to get that white stuff off the highways and byways. The only thing left now is the driveways. I was going to be smart Sunday and walk to the street, but when it came up to my knees, about 17", I decided it was better to clear a footpath. That didn't work too well either, for after every shovel I had to stop and get my breath, so I called on a neighbour lad for help. Boy, he had a path for me in minutes flat, but to date I still can't get the truck out of the garage, so until I do it is shanks mares for me.

Everyone will be glad to know that the grape vine tells me that our hospital with a few improvements will still be with us as a hospital. Thanks to those who worked so hard to this end.

Doreen James who has been visiting with her daughter Mary Ellen in Indianapolis for the past three weeks, just could not believe all this snow, as there was none where she had been visiting.

The St. Paul's A.C.W. will soon be opening a Thrift Shop at the Parish Hall. At present I do not have any more information about this, but I am sure if you call some of the ladies they can fill you in. I will have more to tell you about this later.

Mr. and Mrs. Tom Hurta are spending a few days in Toronto this week.

Winners at the Mini Card Party last week were: Bridge - Agnes Taylor; Cribbage, Joyce Hewitt and Ethel Leigh; Euchre, Ione Hand (on a cut) Ruth Lynas, May Wright and Alice Morrison.

Mr. and Mrs. Verne Graham of Ottawa visited in Minden on the weekend.

from page 7
brilliant takeout of a guarded Haliburton shot rock on the button to score three points. This meant that instead of a tie score, Peterborough took a four point lead and when they added one more in the 7th, Haliburton conceded. The score was 9 - 4. This second loss eliminated Haliburton from further competition.

left for a three week holiday in California, on the weekend. The preliminary County Fair books are ready and if you do not get yours at the annual meeting on Wednesday evening at the Council Chambers, hopefully you will, but they will also be at Stedmans, Mac's Country Mart, and the Post Office. The list of other places where they will be placed around the county will be announced later.

It has come to my ears that I have retired from minor hockey. This is not true. The only thing I retired from was the cold of the arena. It isn't so bad in the booth because the men had fixed a heater up for me, but when there is a tournament on, people will hold the outside door open, that I could not take, so Shirley Howe is at the ticket office. But I'm still there behind the scenes. When you get my age, one cannot take the cold coming through those doors. I wonder if folks realize that when the door is held open the heat is lost inside. But if I am needed, I'll be there, yelling at you to keep that door shut.

Mr. and Mrs. Bob Dawson, also Muriel Dawson all of Toronto spent the weekend with their mother.

Open house will be held at the home of Mrs. Lily Hogg after 1:30 p.m. on January 28 for Mrs. Swan Ackersblade who will celebrate her 90th birthday on that date. All friends and relatives are invited to call and wish her

happy birthday.

I am sure that all the Haliburton County fans as well as the players will be pleased to know that we now have three more Level 3 O.M.H.A. referees in our county. Gary Brohman, Stuart Baker and Cameron Monk journeyed to Bowmanville last Saturday in that storm to take their tests, and all passed with flying colours. Having level 3 cards will allow them to work as linesmen in the O.H.A. as well as referee in the O.M.H.A.

If I am correct Cameron Monk is one of the youngest O.M.H.A. referees in Ontario. Congratulations to these three hard working referees for we are very proud of them.

It was getting quite serious

to get referees to come to our county, because of the attitude of the fans, as well as the language of the players. No one should be subjected to this, but now with three more home area referees possibly everyone will conduct themselves as they should. Sure hope so but I wonder?

The St. Paul's A.C.W. held their election of officers recently. They meet the second Tuesday evening at the Parish Hall at 8 p.m., and Mrs. Stella Burch is the president.

Probably it should be mentioned that the articles in December 28 issue of the Echo were excerpts from 1978 and have nothing to do with what will happen in 1979. The reason I say this is because I've heard rumours.

Adios and take care now.

News from Extendicare

from page 8
ping this idea, we decided to make mention of it in this item and propose to turn it around and say that we will always be glad to mention resident's visitors if they would somehow approach us. In this way we can be certain that we are not unwelcome snoopers.

Mrs. Sharon Morissette, R.N.A. joined the night nursing staff January 6. She is the nurse who will be looking to our needs while we sleep and are out of mischief, using kindness and persuasion

when needed. And so lads and lassies give her all the help you can.

What a pile of snow was waiting to be shovelled when ew appeared half asleep Sunday morning before breakfast. Charlie Welch has been using a snow pusher for Extendicare's front door in case an ambulance calls, while Norman Titus uses the snow scoop to clear the front of our storage shed so we will not have a huge mound in the spring. Both are doing a marvellous job so cheers everyone.

Mr. Fitzgerald presents Paul Watson with the Best Offensive Lineman award Monday night at a dinner

Ed Roberts was selected as the Redmen's most valuable player and outstanding defensive player. Presenting the plaque is Mr. Collier.

Gooderham News

By Velma MacDuff

Well folks, do you think we have enough snow? Many people were busy shovelling their driveways and rooftops this weekend. It's great for the snowmobilers.

The Glamorgan Township Senior Citizens club held their pot luck dinner last Wednesday and had a great turnout! Twenty-nine new members showed up. Marvis Lindsey, a representative of New Horizons from Peterborough was there to speak. Everyone had a pleasant afternoon.

Visiting with Mr. and Mrs. Ivan Hunter over the weekend was their son, Jim.

Mr. and Mrs. Ches Noseworthy were in Toronto visiting relatives this past week.

A former resident, Mrs. Amy Switzer is back from Edmonton, Alberta, visiting friends.

Mr. and Mrs. Don Bamford and girls from Highland Grove visited Mr. and Mrs. Ken Gill this past weekend. Also, Mrs. Ken Gill won \$100.00 in the last Provincial Draw. Lucky you, Shirley!

The Glamorgan Parks and

Recreation Board are having a snowmobile rally and dance on February 10. A hot meal will be served after the snowmobile trip. Everyone welcome, so gas your machines and get your tickets.

Visitors at Mr. and Mrs. Albert MacDuff's this past weekend were Mr. and Mrs. Dennis Paull and children and Woneetta Hunter.

West Guilford News

by Jackie Barry

Get well wishes go to Shirley Sisson, Keith Sisson, and Ray Sisson.

The New Year's Eve dance at the centre drew a large crowd. The Misty River Ramblers provided the music and a buffet was served to top off the evening. The door prize was won by Mr. and Mrs. Harry Hobden. The spot dance prizes were donated by Black's Hardware, Boice Motors, LaRue Motors, Mr. and Mrs. Harold Stanley, Stedman's Haliburton, and West Guilford Shopping Centre.

The Bingo's are back in full swing, and the Euchre parties start again on the 18th of January. The next monthly

dance is on the 20th, with music by Gordon McKay.

The building committee is planning a Snow Shuffle, on March 3rd. It will consist of snowmobile rides, followed by a supper and a dance to top off the day's activities. To obtain tickets call 754-2214 or 754-2168. Advance sale only. This promises to be a good time for the whole family.

Chris Sisson was home this weekend visiting his parents and friends.

Barry Sisson was also home for a visit.

Please don't complain when there is no, or little news in this column. You must keep me informed of the goings-on. Feel free to call me anytime at 754-2776.

Tory Hill News

by Gloria Billings

Mr. Wally Marks, Mr. John Rose, Mr. R. H. Anderson and Rosie attended the hockey game at Maple Leaf Gardens on Saturday evening in Toronto.

Mr. and Mrs. Craig were visitors recently in Toronto.

Mr. Ross Limerick of Fenelon Falls was at the "Uncle Tom Cabin" on the weekend.

Mr. and Mrs. Eric Finlay of Toronto were at their apartment over the weekend.

Mrs. Kathy Anderson and Nancy and Mrs. Joan Rose visited one day last week with Mrs. Rita Bidgood in Peterborough.

Mr. Jack Ridell and Aileen of Peterborough spent Saturday with Mr. and Mrs. Leslie Haas.

Mr. Elwood Savitz has returned home from Pennsylvania, U.S.A.

Mr. Ray Knight of Apsley visited with Mr. and Mrs. Chas Billings.

Mrs. Clarence Switzer of

Edmonton, Alberta is visiting with Mr. and Mrs. Leslie Haas.

Miss Sheila Stamp and Mr. Spyros Patsoas of Oakville spent a few days with Mr. and Mrs. A. Stamp.

Haliburton Highlights by Creighton Feir

In Haliburton there are many people who are very enthusiastic about everything they do. These are the men and women who work with various organizations in the community striving at times to make this community a better place in which to live. It is through this enthusiasm that things are accomplished. Sometimes a project is sponsored and many will sit back and say that it can't be done for one reason or the other. The end result usually means that the people with the get up and go won't take no for an answer and get things accomplished by pushing ahead, by not letting anything stand in their way until they have reached their goal. It gives a person a great satisfaction and gives them a different outlook on life when they start to become enthusiastic about events and other matters of interest in the community. It also takes your mind off yourself and your everyday worries when you become excited about upcoming events. When a person is not excited or filled with enthusiasm about what they are doing, they just seem to sit back and fall into a shell.

It wasn't until last week when the municipal employees started to clean off the snow from the sidewalks and the village roads that we realized just how much snow that we really have up to this point. We might also mention that the men did a great job in clearing the snow away.

Alejandro Lopez, the Rotary Club's exchange student, was the guest speaker at a recent meeting of the Rotary Club of Haliburton. He gave a very interesting and humorous speech on his native land, Argentina. Congratulations Alex on mastering our language so quickly.

When the Brotherhood of Anglican Churchmen hold their monthly communion and breakfast at St. George's Anglican Church this coming Sunday morning at 8:00 a.m. the guest speaker will be Greg Brown, who is now the Pastor at the West Guilford Gospel Chapel. Greg is the son of Mr. and Mrs. Homer Brown, former residents of Haliburton who now reside in North Bay.

The invitation is out for you to come and hear the warm and thrilling testimony of Ernie Hollands (ex-convict) who will be the guest speaker at the Full Gospel Businessmen's Fellowship and dinner meeting to be held at the Royal Canadian Legion Hall in Haliburton this coming Friday evening, January 19th at 7 p.m. Ernie who was a former professional bank robber, house breaker, car thief, armed robber, etc. drew an audience of well over 400 people when he spoke at the High School the last time he was in Haliburton. He served a combined sentence of over 25 years in United States and Canadian Penitentiaries and prisons. He will be here to tell how he found the secret to real satisfaction and meaning in life while in a Millhaven Maximum Security Cell in 1975.

It's hard to keep anything around these days without people picking it up. Every year before Christmas the Rotary Club of Haliburton place a large Christmas tree next to the Bank of Montreal. They place strings of lights on it and it always adds something to the appearance of the main street. On occasions in past years some person or persons would come around and steal the bulbs. This was bad enough but this year topped it all off. They took all the strings of lights right off the tree stripping it to the ground.

We are always looking for Pics of the Past photos and we certainly appreciate receiving them from you. We just ask one thing of you when you bring or send them to us. Please give us as much information as you can about the picture as this helps us out a great deal. We have to have something to go on.

I am always amazed at some people who go to pick up their mail at the Haliburton Post Office, especially when parking space on that street is at a premium at a busy time and sit there for possibly fifteen minutes or more reading their mail. They could always take their mail home and read it and give someone else their parking space.

Miles Maughan, secretary-treasurer of the Brotherhood of Anglican Churchmen informed me this week that they are inviting all present and former B.A.C. members to their reacquaintance meeting which will be held at St. George's Anglican Church on Sunday morning, January 21 at 8:00 a.m. If you plan to attend please contact Miles Maughan at 457-2045 after 5:00 p.m. Please let him know if you are going to attend not later than January 19. Remember that this is a time of fellowship and worship.

Mr. and Mrs. Roger Dart of Willowdale visited with friends and relatives in Haliburton over the holiday season.

We would like to take this opportunity to welcome Ken Hardy and his family to the Highlands of Haliburton. The Hardys are the new owners of Riverside Garage at West Guilford. Mr. Hardy, a licensed mechanic is looking forward to serving the community. We welcome the Hardys to the area and wish them all the best with their new business.

Cont'd. page 14

Carnarvon News

from page 8
will be particularly interesting as we hope to have a speaker from the Integra Foundation. Watch this paper for further details.

Also, as we promised, we will be starting a Cub program here in Carnarvon. We have a former Cub leader from Toronto to get the group started, also a couple of young boys interested in helping. Anyone with boys aged 7 to 11 years is asked to contact me as soon as possible so we can arrange a meeting to start this important group.

Attendance at church last Sunday was very limited due to the heavy snowfall overnight. Those who did attend from any distance at all deserve medals as it sure was rough-going. We are within walking distance but there were some there from as far away as Buttermilk Falls and of course, Rev. and Mrs.

Miller made it from Minden. Our communion service was postponed for one week to allow more people to participate.

As I'm writing this column, it is the start of the 15th day in the life of a non-smoker. According to my family, I am a little hard to live with at times but they are giving me a lot of support in my campaign.

Red Cross

from page 10

As my services as chairman of the Haliburton County Red Cross Homemakers Service are no longer required, I wish to take this opportunity of thanking each one who supported the service and express pleasure in knowing that Haliburton County will still be serviced by a very capable Homemakers service.

Dorset News

by Phyllis Briscoe

"Love doesn't make the world go round. Love is what makes the ride worth while."

I, for one, am happy that the football season is over. I wonder if they ever take a survey to find out just how many T.V. viewers enjoy watching the game on weekends or if they would rather have some other type of entertainment. On both holiday weekends we were deluged with football on the few channels we receive in this area when a good movie, music or a play would have been appreciated by non-sports buffs. The Rose Bowl parade was beautiful and especially interesting because of having several Canadian entries, two of them winning awards.

The Senior group got off to a good start on the 10th with 28 members present for the first meeting. We have a new member on the executive. Don Little was elected as vice-chairman, an office that hadn't been filled before. Lorraine Weatherell, who has been chairman since the

club's inception, was pressed into continuing in the position for another year. Lorraine has worked very hard and has done an excellent job, so everyone was happy that she consented to remain in office for the present. Grace Munro continues as secretary and Bob Carson as treasurer. The new program convenor is Sybil Dinsdale, who will be assisted by several other members and Andy McKay will assist Sylvia Hooey as social convenor.

The lights on the look-out tower were very impressive over the holiday and are still beautiful to look at. Thank you, Dorset Lions Club.

Mrs. Bathurst is at home after spending some time in Huntsville Hospital. We wish her a short and successful convalescence.

Get well wishes are extended to Mrs. Stan Leeder who is a patient in Huntsville Hospital.

Who rang the bells? Between 2 and 3 a.m. on Saturday morning a number

of local citizens were awakened by the ringing of the local church bells. No one apparently investigated at the time so it is a mystery as to "who done it". Some late night merry makers, no doubt.

Maple Lake News By Elaine Barjarow

While talking to Grace Cowan the other day she told me that her brother Bill Barry and daughter Allison from England had spent a day with her and her sister Maggie Cook. They also called in for a short visit with Gordon and Geraldine Carr. Bill and Allison have now returned home to England.

Jim Cooper called in for a visit with Charlie Fader one day last week. While he was visiting there his wife Doris visited Grace Morrison.

I was very sorry to hear of the death of Violet Wallace last Wednesday.

Larry and Alma Barjarow left last Tuesday morning for Sudbury but when they got to Parry Sound they ran into a very bad snow storm. They had to spend the night there and Wednesday morning the roads were still so bad they were forced to return home.

Harry Davis was in Lindsay one day last week to attend the funeral of his brother Ray who passed away suddenly on Sunday, January 7.

On Tuesday of last week, many of Ken and June Bannons family called in for lunch and a visit before they

leave for Florida for two months. Visiting were Eileen Barry, Winnie Fader, Jerry Griffen, Yvonne Penny, Gloria and Sandy Bannon along with myself. Also Kenny Bannon dropped in for lunch.

I understand that some fishermen have been very lucky on KENNISIS LAKE. The fish seem to be biting very well there. I haven't heard any reports on the fishing from Maple Lake.

Peggy Barclay left Friday morning to visit her daughter and family in Toronto for the weekend.

Larry and Kathy Castle and girls from Mississauga spent the weekend with us. Our granddaughter Keri stayed with us for a week.

Jim and Wendy Fielding of Toronto spent the weekend with Neilson and Sheila Griffen and Winnie Fader.

Vicky Packard and boys moved to Gooderham last week.

Frank and Dianne Butson and family of Toronto came up for a visit with her parents Bert and Pearl Lee on Sunday.

Kenny Fountain of Toronto spent the weekend with his

parents Harry and Audrey Fountain.

Another bad snowstorm on

the weekend made driving very hazardous for the people who had to drive anywhere.

11. FOR RENT

Haliburton Highlights

from page 12

Snowarama 1979 is all set for February 4. Next to the Easter Seal program this is the second largest money maker for crippled children in Ontario. Please keep this date in mind and back it up with your pledges.

Robbie Burns night is coming up which will feature a dinner and Ceilidh at the Royal Canadian Legion Auditorium in Haliburton on Saturday, January 27th. The evening will get started off with a social hour from 6 to 7 p.m. followed by a roast beef dinner with scottish trimmings at 7 p.m. A highlight will be the piping in of the Haggis and the address to the Haggis. This will be followed by a guest speaker whose topic will be the immortal memory of Robbie Burns. Scottish songs will be sung by the Heather Singers. Also included will be a program of Scottish Country Dances performed by the Haliburton Highlands Scottish Country Dancers and backed up by the Haliburton Legion Pipe Band. The evening will conclude with dancing until 1 a.m. with modern, square and scottish dancing. The admission price is \$7.50 per person and tickets are available from members of the Pipe Band, Scottish Country Dancers and at the Legion. Proceeds are in aid of the Haliburton Legion Pipe Band.

The Week of Prayer continues this week and tonight (Wednesday, January 17th), at Haliburton at the Baptist Church with Captain Doug Burry as the speaker. Thursday night, Rev. Don Nicholson will be in charge of the service at St. George's Anglican Church. Both services begin at 7:30 p.m.
